

Education Bureau Circular Memorandum No. 1/2018

From: Secretary for Education

To: Supervisors / Heads of all Secondary and Special Schools

Ref: EDB(CD/SEN)/ADM/150/1/10(11)

Date: 4 January 2018

Senior Secondary Adapted Applied Learning Courses for Students with Intellectual Disabilities (2018-20 Cohort)

(Note: This circular memorandum should be read by heads and teachers of all secondary and special schools – for necessary action.)

Summary

The purpose of this circular memorandum (CM) is to announce the arrangements and application procedures for the 2018-20 Cohort of Senior Secondary adapted Applied Learning (ApL) courses commencing in the 2018/19 school year.

Details

Background

2. ApL courses are elective subjects in the senior secondary curriculum which complement other senior secondary subjects by offering studies with stronger elements of practical learning linked to broad professional and vocational fields. Under the current Senior Secondary academic structure, students with intellectual disabilities (ID) can opt to take a maximum of two adapted ApL courses as elective subjects in Secondary 5 and 6¹.

Target Students

3. All current **Secondary 4 students with ID who are following the senior secondary curriculum recommended by the Curriculum Development Council (CDC) and meeting the requirement below** may apply for studying adapted ApL courses in Secondary 5 and 6:

- **mild grade ID** students
- **upper-end moderate grade ID** students

4. Schools are encouraged to provide opportunities for students with varied interests, aptitudes and abilities to study adapted ApL courses, taking into consideration of exposing them to broad and balanced learning experience in their senior secondary education.

Course Design and Areas of Studies

5. Similar to the requirements of other senior secondary subjects, adapted ApL courses focus

¹ At senior secondary levels, students with ID in ordinary schools have to study four core subjects (i.e. Chinese Language, English Language, Mathematics and Liberal Studies) and two to three elective subjects, while students with ID in special schools have to study three core subjects (i.e. Chinese Language, Mathematics and Liberal Studies/Independent Living) and two to three elective subjects. Students with ID in both types of schools may take a maximum of two adapted ApL courses as elective subjects, subject to the nomination by schools, the selection by course providers and the number of places available for individual courses.

on nurturing students' knowledge, skills and attitude. The emphasis is to provide students with opportunities to understand fundamental theories and concepts through application and practice, develop generic skills in authentic context, and explore their orientation for life-long learning and career aspirations.

6. The duration of each adapted ApL course is 240 contact hours, generally extending over two academic years from Secondary 5 to 6.

7. In the new cohort of adapted ApL to be launched in the 2018/19 school year, a total of 12 adapted ApL courses categorised under the following three areas of studies will be offered by 4 course providers approved by the Education Bureau (EDB):

- Creative Studies
- Media and Communication
- Services

—— Details of the adapted ApL courses and the course providers are available at *Appendix I*. Schools may also refer to the EDB website (<http://www.edb.gov.hk/cdi/sen>) for the course synopses (including the learning outcomes, course content and organisation, articulation, etc.) of the respective adapted ApL courses.

Assessment, Quality Assurance and Articulation

8. There is no public examination for adapted ApL courses. Assessments of student performance, including both formative and summative assessments, are undertaken by course providers and administered mainly by the respective course tutors.

9. **The results attained by students with ID in ordinary schools who have successfully completed senior secondary adapted ApL courses will NOT be recorded on the Hong Kong Diploma of Secondary Education (HKDSE).**

10. To ensure that adapted ApL courses are developed according to the design principles, the curriculum is delivered as planned, and the learning outcomes of students can meet the standards which are set, the EDB would put in place a quality assurance mechanism of adapted ApL courses, under the overview of the CDC Committee on Special Educational Needs.

11. The EDB and the course providers are discussing the articulation/progression pathways with the relevant vocational training institutions. Schools may refer to the EDB website (<http://www.edb.gov.hk/cdi/sen>) for articulation to further studies and career pathways of individual courses in course synopses.

Modes of Implementation

12. Schools are encouraged to adopt different modes of implementation to offer adapted ApL courses according to the learning needs of their students. The following are two non-exclusive modes of implementation for the reference of schools:

- | | |
|---------|--|
| Mode 1: | Courses take place mainly at the venues of course providers and are taught by the staff of the course providers. Schools make arrangements for students to attend the courses according to the timetables set by the course providers. |
| Mode 2: | Courses take place mainly in schools and are offered by schools in collaboration with course providers which send their staff to the schools. Schools are expected |

to work out the detailed arrangements with the course providers, such as sharing teaching loads, providing venues and facilities, rendering assistance in classroom teaching, etc.

Funding Arrangements

13. All aided, government and caput secondary schools, as well as secondary schools under the Direct Subsidy Scheme (DSS) and special schools with senior secondary classes offering EDB approved adapted ApL courses are eligible for the full subsidy of the Diversity Learning Grant (DLG) which is disbursed on a yearly basis. **All schools eligible for the DLG are NOT allowed to charge students any fees for taking adapted ApL courses.**

14. With full subsidy provided, schools will be allocated with an amount of DLG equal to the total course fee of adapted ApL courses enrolled by eligible students. Details of the funding arrangements and the related accounting arrangements are given at **Appendix II**.

15. Under special circumstances in which schools have genuine financial difficulties in offering adapted ApL courses, schools may make applications to the EDB **on or before 29 June 2018** for extra funding. Schools' applications will be considered on a case-by-case basis.

Support for Students

16. To facilitate students in making informed choices of adapted ApL courses as their elective subjects for their senior secondary studies, schools should provide students with the necessary support and guidance about exploring their preferred learning styles and envisaged pathways through activities such as career talks, visits, etc.

17. Before applying for enrolment in adapted ApL courses, schools are requested to encourage their Secondary 4 students to participate in the following activity:

- **Visits to Course Providers**

Course providers will make arrangements for students who are interested in enrolling in adapted ApL courses, their parents and the school staff to visit the course venues. Details are as follows:

Period:	March 2018 (please refer to Appendix III for dates of visits to respective course providers)
Time:	One to two hours per session
Venue:	Course providers
Application:	Schools are requested to inform students, parents and staff and return the relevant application form(s) at Appendix III to respective course provider(s) by fax.
Closing Date:	23 February 2018 (Friday)
Remarks:	Visitor quotas will be allocated to schools subject to the capacity. The respective course providers will inform schools of the relevant arrangements in due course.

Support for Schools and Parents

18. To enhance schools' and parents' understanding of the course contents so that they can provide guidance to the children in making informed choices, the EDB has already sent out the facsimile to encourage schools to invite **both** staff and parents to participate in the briefing session

for schools and parents. Details are as follows:

Date:	16 January 2018 (Tuesday)
Time:	9:15 a.m. – 12: 45 p.m.
Venue:	WP01, Podium, West Block, Education Bureau Kowloon Tong Education Services Centre, 19 Suffolk Road, Kowloon Tong, Kowloon
Target Participants:	(1) Parents of mild and moderate grade ID students of Secondary 4; and (2) principals, teachers and school social workers.
Application:	Schools are requested to return the application form at Appendix IV(2) by fax.
Closing Date:	12 January 2018 (Friday)
Remarks:	Schools are requested to distribute the programme schedule at Appendix IV(1) to staff and parents who are going to attend the briefing session.

Application Procedures

19. All students must apply through their schools for enrolment in adapted ApL courses. The application procedures with key events and dates are set out at **Appendix V**.

20. The application for adapted ApL courses (2018-20 Cohort) will commence on **19 March 2018 (Monday)**. Schools have to ensure that all parents of students enrolling in adapted ApL courses have completed and signed the “Parent’s Consent” for the school’s record and submit the electronic “School Application Form” through Special Education Management Information System (SEMIS) to Special Educational Needs (SEN) Section of the Curriculum Development Institute **on or before 13 April 2018 (Friday)**. For the detailed arrangement of electronic submission, schools may refer to the Education Bureau (EDB) website (<http://www.edb.gov.hk/cdi/sen>).

21. Students applying for adapted ApL courses have to go through a selection process by the course providers, which is mainly based on students’ abilities, aptitudes and interests. Each student may apply for **a maximum of TWO adapted ApL courses** and accept **a maximum of TWO** offers after the selection process. Schools should refer to the guidelines at **Appendix VI** in nominating students for adapted ApL courses.

Enquiry

22. For enquiry, please contact the SEN Section at 2892 6493 or 2892 6435.

Courses with the mark (*) can admit students with physical disabilities or students in wheelchairs. Please contact course providers for details.

註三 NOTE 3

所有在資助中學、官立中學、按位津貼中學、直接資助計劃的中學及設有高中班級的特殊學校修讀由課程發展議會所建議之高中課程的智障學生，將獲教育局及學校全數資助課程費用。課程提供機構可因應學校在場地、教學、行政等各方面所能提供的支援，給予學校課程費用減免。學校可直接與課程提供機構協商。

All students with ID in aided, government and caput secondary schools, as well as secondary schools under the Direct Subsidy Scheme and special schools with senior secondary classes following the Senior Secondary curriculum recommended by the Curriculum Development Council will be fully subsidised by the Education Bureau (EDB) and schools to take adapted ApL courses. Course providers may offer course fee reduction to schools, depending on the schools' support on venue, teaching and administration, etc. Schools may negotiate with the course providers directly.

Funding and Accounting Arrangements for Senior Secondary Adapted Applied Learning Courses for Students with Intellectual Disabilities (2018-20 Cohort)

Diversity Learning Grant

The Diversity Learning Grant (DLG) supports all aided, government and caput secondary schools, as well as secondary schools under the Direct Subsidy Scheme (DSS) and special schools with senior secondary classes in offering a diversified curriculum to cater for students' diverse learning needs under the Senior Secondary academic structure. It is a cash grant for aided and caput secondary schools, secondary schools under the DSS and special schools. For the government secondary schools, it is in the form of budget allocations. Adapted ApL will be supported by the DLG.

2. Eligible schools can apply annually for the DLG to support the implementation of adapted ApL courses offered by the course providers approved by the EDB.

3. To apply for the DLG, schools should draw up a 3-year plan (endorsed by their School Management Committee or Incorporated Management Committee) to explain how the subject choices for a particular cohort of students will be broadened. Schools do NOT need to submit the plan to the EDB but the plan must be uploaded onto the school's homepage before the end of November of the year concerned (the plan should be a separate document instead of an annex of the school annual plan/school development plan, and should be placed prominently on the page). Schools may refer to the EDB website (<http://www.edb.gov.hk/cdi/sen>) for a sample of the 3-year plan.

Full Subsidy Funding Arrangements for Adapted ApL Courses

4. All **students with ID** in aided, government and caput secondary schools, as well as secondary schools under the DSS and special schools with senior secondary classes **following the senior secondary curriculum recommended by the Curriculum Development Council** are eligible for the full subsidy of the DLG for adapted ApL courses¹. Each eligible student is entitled to funding for a **maximum of TWO** adapted ApL courses. For students taking FOUR elective subjects with an adapted ApL course as one of them, the adapted ApL course will be regarded as the fourth elective subject and will NOT be subsidised by the DLG.

5. With full subsidy provided, schools will be allocated with an amount of DLG equal to the total course fee of adapted ApL courses enrolled by eligible students. **All schools eligible for the DLG are not allowed to charge students any fees for taking adapted ApL courses.**

6. The following table summarises the resources that can be deployed by schools for the payment of course fees:

School Type	Resources to be Deployed by Schools
Aided Schools / Special Schools with Senior Secondary Classes	<ul style="list-style-type: none"> • Capacity Enhancement Grant (CEG) • Surplus in the General Domain of Operating Expenses Block Grant (OEBG) / Expanded OEBG • Substitute Teacher Grant (STG) / Teacher Relief Grant (TRG) • Senior Secondary Curriculum Support Grant (SSCSG) • Schools' own funds

¹ Students with changes in status at school (e.g. student departure) no longer meeting the requirements as stated in paragraph 4 above will not be eligible for the DLG for adapted ApL. However, if such students have successfully completed their first year study of adapted ApL courses, they can choose to continue their adapted ApL courses at their own expense, upon special approval by the EDB and the consent of course provider.

Government Schools	<ul style="list-style-type: none"> • Expanded Subject and Curriculum Block Grant • STG/TRG • SSCSG
Caput Schools	<ul style="list-style-type: none"> • CEG • SSCSG • Fee Subsidy • Schools' own funds
Schools under the DSS	<ul style="list-style-type: none"> • CEG • DSS Subsidy • Schools' own funds

7. Under special circumstances in which schools have genuine financial difficulties in offering adapted ApL courses, schools may make applications to the EDB for extra funding. Schools should write to the EDB **on or before 29 June 2018 (Friday)**, setting out their financial difficulties, stating the amount applied for and proposing solution in the long run. Schools' applications will be considered on a case-by-case basis.

Chief Curriculum Development Officer (Special Educational Needs)
Curriculum Development Institute, Education Bureau
1325, 13/F, Wu Chung House
213 Queen's Road East
Wan Chai, Hong Kong

8. The DLG for adapted ApL courses can only be used to support the learning of adapted ApL courses of the 2018-20 Cohort of students (it cannot be mixed with the DLG of other cohorts of adapted ApL courses). The funding must be used directly for the payment of adapted ApL course fees to be charged by the approved adapted ApL course providers. It must not be used for Other Languages and Other Programmes (which are supported by other categories of the DLG), or other purposes such as capital purchases, overheads or maintenance, etc.

9. Schools may apply to the course providers for course fee reduction for providing the venues, facilities, equipment or teachers. Schools may negotiate with the course providers directly.

Payment and Accounting Arrangements

10. The DLG for adapted ApL will be allocated to schools in **TWO** equal instalments. The first and second instalments of the provisional DLG will be disbursed to schools in August 2018 and August 2019 respectively. For government secondary schools, the DLG will be provided to schools in the form of budget allocations. Adjustments of the DLG, if any, will be made by the EDB based on the actual number of enrolments in adapted ApL courses (2018-20 Cohort) (as at **30 September 2018** and **30 September 2019**) and the information submitted by schools.

11. The DLG allocated by the EDB, together with other resources deployed by schools for the payment of course fees, should be paid by schools to the course providers in **TWO** equal instalments. The first and second instalments of course fees would be calculated based on the number of enrolments as at **30 September 2018** and **30 September 2019** respectively, and should be paid by schools upon receipt of the debit note or invoice issued by the course providers.

12. For aided and caput secondary schools, secondary schools under the DSS and special schools with senior secondary classes, a separate ledger account named "**DLG for Adapted Applied Learning Courses for Students with ID (2018-20 Cohort)**" should be kept in the school ledger account under the **Government Fund** to properly record all income and expenditure chargeable to adapted ApL courses as illustrated below:

DLG for Adapted Applied Learning Courses for Students with ID (2018-20 Cohort)

<i>Expenditure</i>	<i>Income</i>
<ul style="list-style-type: none">• Course fees to be paid to course providers	<ul style="list-style-type: none">• The DLG for adapted ApL from the EDB• Other resources deployed by schools (e.g. the surplus of the General Domain of OEBG)

The surplus in the ledger account can be carried forward to the next school year until the end of the 2019/20 school year. Any unspent balance of the DLG as at **31 August 2020** will be clawed back. Any deficit in the ledger account should be made up by schools' deployment of other resources (as stipulated in Paragraph 6 above) at the end of each school year.

13. For government secondary schools, the expenditure should be charged to the user code assigned for adapted ApL (2018-20 Cohort). Unspent balance of the allocations as at the end of each financial year (i.e. **31 March 2019** and **31 March 2020**) cannot be carried forward to the subsequent financial year and will lapse. Any deficit should be covered by schools' deployment of other resources (as stipulated in Paragraph 6 above) at the end of each financial year.

**Senior Secondary Adapted Applied Learning Courses
for Students with Intellectual Disabilities (2018-20 Cohort)**

Important Dates

* Adjustment of the first and second instalments of DLG will be made by the EDB in January 2019 and January 2020 respectively.

Guidelines for Nominating Students with Intellectual Disabilities for Senior Secondary Adapted Applied Learning Courses

Schools may refer to the following guidelines in nominating students for adapted Applied Learning (ApL) courses -

- Schools should assist students in choosing adapted ApL courses according to their abilities, interests and aptitudes, taking into consideration the guiding principle of exposing them to broad and balanced learning experiences in their senior secondary education.
- Each student can apply for a **maximum of TWO** adapted ApL courses. Students applying for more than one adapted ApL course should list their choices in order of preference when submitting their applications. Students applying for ApL courses have to go through a selection process after which they may opt to accept offers from **no more than TWO** ApL courses based on their preferences.
- School could set priority for nominating students for adapted ApL courses according to the principles below:
 - **Maximising the number of beneficiaries:** Arrangements should be made to allow as many students taking adapted ApL courses as possible rather than allowing only a few students taking more than one adapted ApL course. Therefore, students' application for their second adapted ApL course should be accorded a lower priority.
 - **Taking care of students' learning needs** by considering their -
 - (1) **subject combination** with other senior secondary electives – The adapted ApL course should be able to serve the purpose of complementing or broadening students' learning.
 - (2) **total number of senior secondary elective subjects** – Students taking only two senior secondary elective subjects (including ApL) should be given a higher priority than those taking three senior secondary elective subjects.
