

Education Bureau Circular Memorandum No. 58/2018

From:	Permanent Secretary for Education	To:	Supervisors/Heads of all government, aided (including special schools with senior secondary classes), caput, and Direct Subsidy Scheme secondary schools
Ref.:	EDB(CD/C&S)/F&A/65/1/1(12)		
Date:	1 June 2018		

Diversity Learning Grant for the Tenth Cohort of Senior Secondary Students – Other Languages and Other Programmes (from the 2018/19 to 2020/21 school years)

SUMMARY

This circular memorandum (CM) invites schools offering programmes on Other Languages (OL) and Other Programmes (OP) to the tenth cohort of senior secondary (SS) students to apply for the Diversity Learning Grant (DLG) from the 2018/19 to 2020/21 school years, and to attend a sharing seminar on DLG. Eligible schools should submit their application for the DLG from 4 to 29 June 2018.

DETAILS

Diversity Learning Grant

Background

2. As stipulated in the report *New Academic Structure for Senior Secondary Education and Higher Education – Action Plan for Investing in the Future of Hong Kong* published by the Education Bureau (EDB) in 2005, the DLG has been provided to schools since the 2009/10 school year upon application to support schools in offering a diversified SS curriculum and to meet students' different needs. This CM should be read in conjunction with the EDBCM No. 146/2008 on Funding Arrangement of Diversity Learning Grant (DLG). Please refer to **Annex I** for details of the ambit for DLG-OL and OP.

Subsidy Rates

3. The DLG supports schools to offer programmes for Applied Learning (ApL), OL and OP (including programmes on SS gifted education (GE) and network programmes (NP) of SS subjects). For the funding arrangement for ApL, please refer to the EDBCM No. 147/2017 on Senior Secondary Applied Learning Courses (2018-20 Cohort). The current subsidy rates for OL and OP are as follows:

DLG category	Subsidy rate
Other Languages (OL)	<ul style="list-style-type: none"> \$3,900 per SS student per year
Other Programmes (OP)	<ul style="list-style-type: none"> Basic subsidy rate: \$7,000 per SS class per year for all applications from schools Incentive funding: Additional incentive funding of \$800 per SS class per year for schools with a utilisation rate of DLG-OP of 80% or above, based on the schools' annual accounts of the most recent year¹ (i.e. a total of \$7,800 per SS class per year)

Application and Use of DLG-OP

4. To ensure that the DLG-OP could be more optimally utilised to cater for diversity in student learning and to avoid the claw-back of unused grants, schools are advised to make a more realistic estimation for the coming school year (the estimation is capped by the maximum subsidy each school is entitled to). Schools intending to applying for the grant should first submit their online application for DLG-OP in June and initially set the number of classes, and then confirm or amend the number of classes through the online survey in November to finalise the total amount in the schools' application for DLG-OP in the specific school year. For details, please refer to an example given in **Annex II**.

5. Schools could use the DLG-OP to offer school-based pull-out or off-site support programmes on GE, and/or collaborate with other schools to offer NP of SS subjects. A set of guidelines on the use of DLG-OP for GE programmes is in **Annex III**. For NP of SS subjects with School-based Assessment (SBA), schools should ensure that the SBA is conducted by qualified teachers (the assessors should generally be the subject teachers of the students), and the marks awarded will be counted towards the students' public assessment results in the 2021 Hong Kong Diploma of Secondary Education Examination. Schools should inform the Hong Kong Examinations and Assessment Authority (HKEAA) of the arrangement for the relevant NP.

Modes of Delivery

6. Schools could deliver programmes for OL or OP in two modes, i.e. either deploying teachers of the schools or obtaining services from other organisations to teach the subjects. Under any circumstances, schools should ensure that the courses are taught by qualified teachers. For schools offering SS subjects through NP, teachers deployed to teach in other network schools should be registered teachers. Schools should exercise their professional judgement in choosing suitable teachers/organisations to teach the various courses, and make reference to **Annex IV** for details related to hiring external services and appointment of teaching staff. **Schools should not charge students any fee for taking OL and NP.**

7. For schools planning to invite organisations registered under the Education Ordinance

¹ For aided (including special schools), caput, and Direct Subsidy Scheme (DSS) schools, the annual accounts are mostly compiled on the basis of school year and the accounts of the most recent year submitted by schools are those of the 2016/17 school year. As for government schools, their accounts are compiled on the basis of financial year which are the accounts of the 2017-18 financial year. Utilisation rate is calculated on the basis of the total expenses and the entitled total provision of the year, i.e. Utilisation rate = Expenditure / (Allocation of the year + Surplus c/f from the preceding year) x 100%.

(Cap. 279) to teach OL on school campuses, applications from these organisations for extending their premises are required. Schools may contact the EDB for enquiries and refer to paragraph 15 of this CM for the contact telephone numbers.

Application Procedure

8. Eligible schools are invited to apply online for the DLG for offering programmes on OL and/or OP for the tenth cohort of SS students (from the 2018/19 to 2020/21 school years). Schools should apply via the EDB online platform (<https://cd.edb.gov.hk/dlg2018/application/>) during the period from 4 to 29 June 2018. Schools will be informed of the application results by post on or before 28 September 2018. The application procedures, together with the login identity and password to facilitate online application, will be mailed to schools.

9. Schools applying for the DLG should draw up a 3-year plan (from the 2018/19 to 2020/21 school years) on how to deploy the grant. The plan should be endorsed by the Incorporated Management Committee (IMC)/School Management Committee (SMC). Please upload the plan as an annex to the school's annual plan to the school's webpage on or before 30 November each year. Schools may refer to **Annex V** for a sample of the 3-year plan. Moreover, if schools plan to offer GE programmes, they have to upload a **Programme Evaluation Report** at the end of the school year. This report should also be endorsed by the IMC/SMC. Please refer to **Annex VI** for sample of evaluation reports for GE programmes.

Payment and Accounting Arrangements

10. For **aided (including special schools with senior secondary classes), caput, and DSS secondary schools**, 50% of the yearly provisional DLG will be disbursed in August of 2018, 2019 and 2020 according to the information submitted by schools, the approved SS class structure and the number of students enrolled on OL courses. The remaining adjusted provision of DLG-OL and DLG-OP, together with the incentive funding, will be disbursed in January of 2019, 2020 and 2021 respectively according to the information submitted through the online survey and the expenditure reflected from schools' annual accounts of the most recent year. Any deficit for each category of DLG should be covered by the schools' own funds and/or other appropriate grants from the EDB. For example, aided schools could deploy the general domain of the Operating Expenses Block Grant / Expanded Operating Expenses Block Grant; DSS schools could deploy the DSS Subsidy; caput schools could deploy the Fee Subsidy to cover the deficit.

11. For **government secondary schools**, DLG-OL and DLG-OP will be provided by the EDB to schools in the form of budget allocations in August and April of each school year. That is, a provisional DLG for 7 months will be disbursed in August of 2018, 2019 and 2020 and the remaining adjusted provision will be disbursed in April of 2019, 2020 and 2021 respectively according to the information submitted by schools, the approved SS class structure, the number of students enrolled on OL programmes and the expenditure of DLG-OP reflected from schools' annual accounts of the most recent year. Government schools may deploy the surplus of the Expanded Subject and Curriculum Block Grant to cover the deficit of any category of DLG, as necessary.

12. To allow more flexibility for schools, DLG-OL and DLG-OP may be used to support the diverse learning needs of different cohorts of SS students, instead of restricted to a specific cohort. However, the funding of DLG is not transferable among different categories. Schools are required to keep a separate ledger account for different categories of DLG and record all their allocation and expenditure respectively.

13. For aided (including special schools with senior secondary classes), caput, and DSS secondary schools, the surplus of each ledger account can be carried forward to the following school year but is capped by the total provision of the respective category of DLG disbursed in the current school year (“capped amount”). **Any unspent balance of each category of DLG above the “capped amount” in the ledger account as at 31 August each year will be clawed back.** As unspent balance of the allocation for government schools will lapse by the end of each financial year, separate allocation for the unspent balance brought forward capped by the total allocation of the preceding financial year will be provided to government schools in the years between.

Sharing Seminar on the Diversity Learning Grant

14. A sharing seminar on the effective use of DLG will be organised for schools on **11 June 2018 (Monday)** (*please refer to the EDB Training Calendar Course number: CDI020181073 for details*).

ENQUIRIES

15. **Frequently Asked Questions (FAQ)** and PowerPoint slides of the relevant briefing sessions in the past are available at the designated webpages of DLG at the New Academic Structure Web Bulletin (<https://334.edb.hkedcity.net/new/en/dlg.php>). For further enquiries, please contact the following EDB officers:

A. General enquiries	Ms Cello LAM	(Tel. no. 2892 6403)
B. Other Languages	Ms Cello LAM	(Tel. no. 2892 6403)
C. Other Programmes

for Permanent Secretary for Education

c.c. Heads of Section – for information

Ambit of Diversity Learning Grant – Other Languages and Other Programmes

DLG Category	Programme Description	Level of Grant	Remarks	Usage
Other Languages	Any of the six languages , namely French, German, Japanese, Spanish, Hindi and Urdu	<ul style="list-style-type: none"> \$3,900 per SS student per year 	<ul style="list-style-type: none"> This includes the study of any of the additional languages as specified in the programme description. These languages should be offered as electives for S4-6 students. These languages must follow a curriculum leading to the examinations pitched at the Advanced Subsidiary (AS) level offered by the Cambridge Assessment International Education (Cambridge International). Students should register to take the respective examination administered by the HKEAA. Results obtained by students in Other Languages will be reported in their HKDSE certificates. 	<ul style="list-style-type: none"> For the procurement of services or employment of teachers for running the programmes. For the purchase of consumables, learning and teaching materials and educational software packages. For organising extra-curricular activities for the effective learning of the language subject offered.
Other Programmes	Gifted Education Programmes for gifted students in schools under the SS curriculum <ul style="list-style-type: none"> Gifted students will be selected through a school-based selection mechanism which may include a combination of the use of academic achievement test (internal examination scores), task-based performance test, pupil work scrutiny, behavioural checklist, interview, results in competitions, information from parents and/or peers, etc. 	<ul style="list-style-type: none"> Basic rate: \$7,000 per SS class per year as a basic rate Incentive funding: Additional incentive funding of \$800 per SS class per year for schools with a utilisation rate of DLG-OP of 80% or above (In sum, \$7,800 per SS class per year) 	<ul style="list-style-type: none"> Programmes for gifted students are further structured learning opportunities provided through school-based pull-out programmes and/or off-site support programmes that challenge the abilities of gifted students; or Learning opportunities including credit-bearing courses specially designed and offered by tertiary education institutes, enhancement programmes (both enrichment, i.e. breadth and extension and/or depth and pace) offered by academic associations or professional bodies targeted for senior secondary students. 	<ul style="list-style-type: none"> For the procurement of services or employment of teachers for running the programmes. For the purchase of consumables, learning and teaching materials and educational software packages. For employment of teachers/teaching assistant to share out the additional teaching load arising from offering these programmes directly or indirectly. Schools are free to allot the funding for OP to provide both gifted education programmes and network programmes or just one of the programmes to their senior secondary students.
	Network Programmes		<ul style="list-style-type: none"> They should be programmes on the SS subjects (e.g. Ethics and Religious Studies, Visual Arts, Music and Physical Education) jointly organised by schools to enhance the subject choices of students. All network schools will be entitled to the DLG-OP. Schools should arrange the expenses by themselves. 	

**Example of making adjustments on the amount of
the Diversity Learning Grant (DLG) - Other Programmes (OP)**

Points to note:

- (1) The information shown at **columns 2 and 3** for S5 & S6 was drawn from school's online survey in November 2017. School only needs to provide relevant information for S4.
- (2) Schools are accountable for ensuring an effective use of resources. An appropriate budget, which is the school plan in monetary terms, provides useful information that facilitates a more effective cost benefit analysis and allows the IMC/SMC/School Head to have better control over the school expenditure.
- (3) In consideration of the previous expenditure and surplus of DLG-OP, please complete the following table to indicate the amount of DLG for OP needed.

Example:

This is an example of a school which organises both Gifted Education and Network programmes for S4-S6 students. The school has a large amount of surplus of DLG-OP to be clawed back. The school will adjust the applied amount of DLG-OP according to the budget of the programmes. In this example, this school has 12 SS classes and the school plans to apply for DLG-OP for 8 classes.

Step 1

Add “✓” in the appropriate box in **columns 1-3** to indicate your school would offer OP for S4 students in 2018/19. It is not necessary to fill in **columns 4 and 5**. Relevant figures will appear automatically.

Step 2

Indicate the actual total number of SS classes that your school would like to apply for DLG-OP for 2018/19 in **column 6**. After filling in this number, the amount of DLG-OP to be received by the school will appear in **column 7** automatically.

Example	Offer Gifted Education Programme(s)	Offer Network Programme(s)	12 (assuming 4 classes for each SS level)	If incentive funding is not applicable: = \$7,000 x 12 = \$84,000	The number of classes that the school plans to apply for DLG-OP is 8.	If incentive funding is not applicable, the amount of subsidy to be received is: = \$7,000 x 8 = \$56,000
---------	-------------------------------------	----------------------------	----------------------------------------------	-------------------------------------------------------------------------	-----------------------------------------------------------------------	-----------------------------------------------------------------------------------------------------------------

Column (1)	Column (2)	Column (3)	Column (4)	Column (5)	Column (6)	Column (7)
Level	Gifted Education Programme(s)	Network Programme(s)	No. of classes approved in 2018/19	School's entitlement for DLG-OP for 2018/19	No. of SS classes applied for DLG-OP for 2018/19	Amount of DLG-OP applied for 2018/19
S4	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	4	× \$ 7,000	8	× \$ 7,000
S5	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	4	× \$ 7,000		
S6	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	4	× \$ 7,000		
		Total	12	\$84,000	Total	\$56,000

Remarks:

- (i) For the above example, the school will receive \$28,000 in August as the first instalment and the second instalment of \$28,000 will be disbursed to the school in the following January together with other adjustments, e.g. incentive funding, if any.
- (ii) If the incentive funding is applicable for the school, the unit rate of DLG-OP for the school will be \$7,800 per class per school year. Therefore, the second instalment of \$34,400 (= \$28,000+\$800×8 (classes)) will be disbursed to the school in the following January.
- (iii) When a school completes the online survey in November, the school can further adjust the number of classes applying for DLG-OP with reference to the budgets of the programmes approved by the IMC/SMC. However, the adjustment should not exceed the limit of the school's entitlement.

Guidelines for the Use of DLG for Gifted Education Programmes

Programmes eligible for consideration:

Gifted education programmes under DLG context should include:

- all enhancement programmes specially designed and offered by tertiary education institutes/ non-profit making non-governmental organisations/academic associations/professional bodies targeted at senior secondary students; and
- all school-based pull-out programmes offered by individual schools at the senior secondary level

Characteristics/criteria of “gifted programmes”:

Gifted education programmes should be designed with the following characteristics:

- with gifted education elements, i.e. creativity, higher order thinking skills, personal and social competence and can be readily categorised into either enrichment (breadth), extension (depth) or acceleration (pace);
- with a clearly stated selection mechanism that matches the students with the programmes; and
- with student products that demonstrate the intended learning outcomes of the programmes

Ambit of the grant:

- for payment of programme subscription/registration fee
- for procurement of services from external course providers
- for employment of instructors to run the programmes
- for the purchase of consumables, learning and teaching materials and educational software packages
- for administrative and local transportation costs incurred by schools

Examples of suggested use of DLG:

- to subsidise a group of students who enrol in a fee-charging credit-bearing course in computer programming offered by a local tertiary education institute
- to partially subsidise a group of students who enrol in a study tour to the Mainland for the purpose of developing their gifted potential
- to procure service from an external course provider or an individual for organising on-site pull-out gifted development programmes
- to purchase reference books, journals and magazines related to gifted education
- to purchase equipment or consumables that are used for delivering the school-based pull-out gifted development programmes
- to pay for printing costs of teaching materials in relation to the gifted development programmes offered
- to pay for transportation costs incurred by schools for local excursions in relation to pull-out gifted development programmes
- to subsidise registration fee for overseas learning/exchange programmes
- to hire personal tutor(s) to give extra-tuition to students gifted in sports, for example, to make up for the lessons missed because their heavy involvement in training activities
- to enrol gifted students on related web-based courses offered by local or overseas programme providers

Examples of INAPPROPRIATE use of DLG:

- to procure services from external service providers for offering examination-oriented cramming classes in relation to the SS subjects
- to pay for food and beverages
- to purchase musical instruments to form an orchestra for the school, rather than for the selected talented SS students
- to subsidise air passage/accommodation for students to take part in overseas training programmes

Hiring Outside Services, Purchases and Staff Appointment

1. For hiring outside services and purchases, aided schools, including special schools, should observe the rules and guidelines specified in the EDB Circular No. 4/2013 on Procurement Procedures in Aided Schools. DSS and caput schools are also advised to refer to the above-mentioned circular as well as the relevant guidelines issued by the EDB from time to time in their procurement procedures. DSS schools should read the above-mentioned circular in conjunction with the Circular Letter on Financial Management in Direct Subsidy Scheme Schools dated 21 November 2007 and the EDB Circular No. 17/2012 on Use of Government and Non-government Funds in Direct Subsidy Scheme (DSS) Schools.
2. When offering appointment to teachers and other staff, schools should pay special attention to the Points to Note in Handling Appointment Matters for schools on the EDB webpage. For appointments funded by the DLG, schools are not required to submit appointment forms to the EDB. All expenditure related to salaries, leave entitlement and related benefits such as Mandatory Provident Fund and any other statutory benefits conferred by the Employment Ordinance of the staff appointed within the approved ambit should be paid out of DLG. Schools will not be provided or reimbursed with other funding to cover such expenditure.
3. Government schools should comply with the relevant rules and regulations relating to hire of services and appointment of non-civil service contract (NCSC) staff, and follow the procedures set out in the EDB Internal Circular No. 6/2010 on NCSC staff appointment so as to ensure that the principles of openness and fairness are upheld. In addition, they should note the statutory duties of the EDB as an employer under the Mandatory Provident Fund Schemes Ordinance (Cap 485), and should follow the EDB's procedures for enrolment of relevant employees into a Mandatory Provident Fund Scheme. On parity with the arrangement for aided schools, no top-up allocation would be released for payments of employment related expenses which should be absorbed by DLG.

**Three-year plan – Measures to broaden students’ choices of elective subjects and
provision of gifted education programmes
for the tenth cohort of SS students (from the 2018/19 to 2020/21 school years)
[Sample]**

The following programmes are adopted with the support of the EDB’s Diversity Learning Grant (DLG):

DLG funded Programme	Strategies & benefits anticipated (e.g. in what way students’ diverse learning needs are catered for)	Name of programme/ course and provider	Duration of the programme /course	Target students	Estimated no. of students involved in each school year			Evaluation of student learning/success indicators	Teacher-in-charge
					the 18/19 s.y.	the 19/20 s.y.	the 20/21 s.y.		
Other Languages	- To enhance students’ competitiveness in the 21st century and increase their chances for tertiary education	- French (in-house course)	3 years	Students who have taken French in junior forms	17	17	17	- Students will take the AS-level examination offered by the Cambridge Assessment International Education and administered by the HKEAA	French teacher
Other Programmes	(Network Programme) - In view of the small number of students opting for PE, this Network Programme with XXX Sec. School can help to cater for students’ diverse needs	- Physical Education (Network Programme)	3 years	S4 - S6 students	4	4	4	- Students will take the HKDSE Examination	Jointly organised with XXX Sec. School
	(Gifted Education Programme) - To enhance students’ debating skills and public speaking skills	- Intensive training course for aspiring debaters	4 weeks	S4 - S5 elite students in the debating team	5-10	5-10	---	- Students will improve their skills in debating and public speaking	Tutor from other organisations

Remarks: This is an example for the reference of schools only. Schools are encouraged to develop their own 3-year plans by including other strategies/tasks as appropriate to cater for the learning needs of their students and align with their vision and mission.

**Programme Evaluation Report for
DLG – Other Programme: Gifted Education for the 2018/19 school year
[Sample]**

Programme title	Objective	Target (No./level/selection)	Duration / Start Date	Deliverable	Evaluation	Expenditure
Statistics in Finance and investment	To broaden students' perspective in the application of mathematics	<ul style="list-style-type: none"> ♦ 15 students S4 students ♦ nominated by the Mathematics Department with highest scores in the mathematics examination 	12 lessons in three months from February 2019 (one lesson per week)	One assignment (either reading or writing) for each lesson	<ul style="list-style-type: none"> - The attendance of students was high (95%) and their performance was rated 4.2 on a 5-point scale - Students could analyse the assigned article with the skills learnt and provided the relevant explanation - Some outstanding analyses could be posted on the school website as exemplary work 	Reference book: HK\$820 Handouts: HK\$320 Folder for student work: HK\$300 Total: HK\$1,440
Chinese poetry and culture	To enrich students' repertoire in Chinese poetry and in relation to Chinese culture	<ul style="list-style-type: none"> ♦ 15 students from S4 and S5 ♦ nominated by the Chinese Language Department with highest scores in the Chinese language examination and a pass in the submitted application article 	15 lessons in 4 months	A final anthology of students poems and reflection	<ul style="list-style-type: none"> - The tutor from the commissioned course provider was professional and the programme design was good - The tutor provided timely advice and feedback to students - The attendance of students was high and their performance was rated 4 on a five-point scale - The quality of the anthology compiled was high and worth disseminating to all students in the school 	HK\$18,000 (course fee)
Tutorial for the sports elites	To tailor-make language course to enhance the learning effectiveness of students in the school team in both languages	<ul style="list-style-type: none"> ♦ Two students representing school/HK to take part in international sports competitions 	2 x 40 lessons in 10 months	One assignment for each lesson	<ul style="list-style-type: none"> - The programme was commissioned to the Alumni with Ms YY CHAN as the co-ordinator - The attendance of the two students was high (100%) and they could complete all the assignments given by the tutor - The two students could achieve grade B or above in the relevant tests 	HK\$40,000
