Community Care Fund Assistance Programme – Provision of Subsidy to Needy Primary and Secondary Students for Purchasing Mobile Computer Devices to Facilitate the Practice of e-Learning (Assistance Programme) (2019/20 School Year)

Summary

This circular memorandum (CM) informs schools of the details regarding the captioned programme. Schools which will implement “Bring Your Own Device” policy (BYOD) for e-learning in the 2019/20 school year are invited to participate in the programme.

Background

2. Under the Fourth Strategy on Information Technology in Education, the Education Bureau (EDB) has been promoting e-learning through the use of mobile computer devices. There is an increasing trend for schools adopting the BYOD for allowing students to bring their own mobile computer devices to schools for learning activities, so that learning could become more personalised and mobile. As the development of BYOD may create financial burden on students from low-income families, the Community Care Fund has implemented the Assistance Programme, starting from the 2018/19 school year for three years, to subsidise needy primary and secondary students studying in public sector schools to purchase mobile computer devices to facilitate the practice of e-learning.

3. e-Learning is an open and flexible learning mode. Schools can decide their mode and pace for implementing BYOD based on their contexts, e-learning needs, teachers’ professional judgment and parents’ views. Schools could participate in the Assistance Programme in any year during the implementation period. The EDB

has invited schools implementing BYOD in the 2018/19 school year to participate in the programme through the EDBCM No. 71/2018. This CM is to invite schools which will implement BYOD for e-learning in the 2019/20 school year to participate in the programme.

Details

Eligible beneficiaries

4. The beneficiaries of the Assistance Programme must fulfill the following requirements:
- (i) studying in government, aided (including special schools), caput, Direct Subsidy Scheme (DSS) primary or secondary schools; and receiving Comprehensive Social Security Assistance (CSSA) from the Social Welfare Department or full grant/half grant of the School Textbook Assistance Scheme from the Student Finance Office of the Working Family and Student Financial Assistance Agency; and
 - (ii) studying in schools and classes implementing e-learning and adopting BYOD.

Use of subsidy

5. The funding could be used to cover the cost of the following items only:
- (i) the mobile computer device;
 - (ii) a mobile device management system to be installed on the device;
 - (iii) basic accessories, depending on the needs for learning, including screen shield, protective cover, detachable keyboard, stylus pen and mouse¹; and
 - (iv) three-year basic warranty².

Level of subsidy

6. For students receiving CSSA/full grant, the subsidy will be provided to cover the full cost of the device and the items mentioned in paragraph 5 above. For

¹ Schools should consult the EDB in advance if any additional items are required to be covered by the subsidy due to specific learning needs.

² Normally one-year basic warranty will be provided for free for a new device purchased. Schools can use the subsidy to extend the basic warranty up to three years.

each eligible student, there is a maximum level of the subsidy provided which will be adjusted annually according to the movement of the Composite Consumer Price Index. In the 2019/20 school year, the maximum subsidy for these students is \$4,610. For students receiving half grant, the subsidy provided is half of the actual cost of the items up to \$2,305.

7. During the three-year implementation period, each eligible student can receive the subsidy once for purchase of a mobile computer device which will be owned by the student. The subsidy cannot be put to other uses. When a student beneficiary is promoted to a secondary school or has changed to a new school using a different device and the original device could not meet the learning needs in the new school, the beneficiary could then be provided an additional subsidy for purchasing a new device. In such case, the student concerned is required to return the used device to the original school which may then use the device for teaching or on loan to other needy students transferred in during the school year. Schools and students may refer to the EDB website (<https://www.edb.gov.hk/ited/ccfap/changeschool>) for details of the arrangement.

Application and Disbursement Arrangements

8. When implementing BYOD, it has been a common practice that schools would determine the device specifications according to their pedagogical design, use of e-learning tools and resources, students' learning needs as well as parents' affordability. To ensure students could acquire a suitable device as required, the subsidy will be disbursed to participating schools for purchasing the devices for their students.

9. Schools that will implement BYOD in the 2019/20 school year are invited to participate in the Assistance Programme by completing the attached Application Form (**Annex II**) and returning it to the EDB by **31 Jan 2020**. Schools that have participated in the programme in the 2018/19 school year are also required to return the Application Form. To facilitate schools' procurement of the devices for students' early use in e-learning, the EDB will disburse provisional funding to schools if they could return the applications on or before **8 July 2019**. The provisional funding will be calculated based on the estimated number of eligible students in the Application Form and disbursed by end-August 2019.

10. Starting from September 2019, schools could return to the EDB the

information on the details of devices purchased and actual student beneficiaries once available using a template provided by EDB. If the actual subsidy required is more than the disbursed provisional funding, supplementary funding will be provided to cover the deficit normally within 2 months after schools' return of the completed information. All participating schools are required to complete the procurement procedures and return the information by end-April 2020 so that the funding adjustment would be completed before the end of the school year. Details of the arrangements will be issued under a separate cover in due course.

11. In views of the revised arrangement in providing the supplementary funding as mentioned in paragraph 10, schools may opt not to receive provisional funding in order to further streamline the procedure. In such cases, there is no need for these schools to provide the estimated number of eligible students in the Application Form. Actual funding will be disbursed to schools normally within two months after their return of the completed information on the mobile device purchased and student beneficiaries.

12. In case schools need to apply for further funding adjustment due to various reasons, for example acquiring extra devices for new eligible students, schools can re-submit the file template with updated information by end-April 2020 to revise the funding requirement for the 2019/20 school year. A working time-table summarising the arrangement of application and disbursement is attached at **Annex I** for easy reference.

Accounting Arrangements

13. Participating schools should validate its expenditure in the Assistance Programme and return a financial report covering the period from 1 September 2019 to 30 June 2020 to Information Technology in Education Section of the EDB by end-June 2020. Transfer of funds out of the Assistance Programme is not allowed. Surplus, if any, could not be carried forward to the next school year. In this regards, the EDB will claw back any surplus at the end of the school year, based on the financial report provided by the school.

14. The relevant funding for the Assistance Programme should be deployed for the specific purpose and participating schools should compile a separate ledger account to record all the income and expenditure chargeable to the Assistance Programme. Schools are also required to keep records, including original official

receipts and related documents. In addition to the amount of expenditure, the list of benefitted students and the expenditure items should be provided to the EDB for audit purposes. Aided (including special schools), caput and DSS schools should observe the requirements as stipulated in the relevant circulars and letters calling for preparation and submission of audited annual accounts. For government schools, the funding will be disbursed in the form of an allocation. The expenditure should be charged to a designated deposit account and should not exceed the allocation in the respective school year. Any unspent balance of the allocation will not be carried forward to the following school year. In case of deficit as a result of the unit cost of the device being higher than the maximum level of subsidy, schools should use non-government funding to cover the deficit. All schools should refer to the prevailing ordinances, regulations and circulars in handling matters related to procurement of goods and services and handling of accounts, etc.

15. Interested schools are requested to submit the completed Application Form by mail to the following address or by fax (Fax no.: 2382 4403):

Information Technology in Education Section, Education Bureau
Room E420, 4/F, East Block
EDB Kowloon Tong Education Services Centre
19 Suffolk Road, Kowloon Tong, Kowloon

Briefing sessions

16. We will organise two identical briefing sessions on the Assistance Programme on 7 May and 9 May 2019. Schools are invited to nominate representatives to attend the briefing sessions and enrol through the Training Calendar System (TCS) [Course ID: EI0020190238].

Enquiry

17. Schools can visit the website <http://www.edb.gov.hk/ited/ccfap> to obtain more information including relevant reference documents and professional development programmes. Also, schools are welcome to collect the information leaflet for parents from the above address. For enquiries, please contact the IT in Education Section at 3698 3670 or 3698 4149.
