### **Parent Education Programmes for Non-Chinese Speaking Parents (2021/22 School Year)**

#### **Introduction**

This circular memorandum invites kindergartens, primary and secondary schools (including special schools) to encourage their non-Chinese speaking (NCS) parents to participate in the parent education programmes for NCS parents provided by the Education Bureau (EDB) in the 2021/22 school year.

#### **Background**

2. The Government is committed to enhancing the Chinese proficiency of NCS students to prepare them for further studies and work, as well as integration into the local community. In the course of learning Chinese, while it requires the continuous effort of schools, teachers and NSC students, support from families, such as creating an environment conducive to the learning of Chinese, is also needed. Therefore, the EDB provided a series of parent education programmes for NCS parents in the 2020/21 school year, including parent education talks cum exhibitions and community activities, to help them understand that they need to let their children have exposure to and learn Chinese as early as possible, understand the multiple pathways available to their children and strengthen communication with schools so as to support the learning of their children. To support more NCS parents, the EDB will continue to provide relevant parent education programmes in the 2021/22 school year and introduce a series of activities progressively starting from mid-November 2021.

#### **Details**

3. The EDB has commissioned the HKU School of Professional and Continuing Education (HKU SPACE), Caritas Hong Kong and Chinese YMCA of Hong Kong to offer a series of parent education talks cum exhibitions and community activities for NCS parents in the 2021/22 school

year. Diversified modes of activities, including interactive talks, workshops, exhibitions, game booths, site visits, community visits, are made available with a view to meeting the diverse needs of NCS parents.

4. The event calendar of parent education programmes for NCS parents in the 2021/22 school year is at the **Annex** for reference. Schools are invited to inform their NCS students and parents of the details of the activities and encourage their active participation. Enrolment methods and latest information of the activities will be updated as and when appropriate. Parents may visit the EDB website (website path: <https://www.edb.gov.hk> > Main Page > Students and Parents Related > Non-Chinese Speaking (NCS) Students > Education Services for Non-Chinese Speaking (NCS) Students > Provision and Support > For Parents and Students > Parent Education Programmes for Non-Chinese Speaking Parents) for the details of the activities.

## **Enquiries**

5. For programme details and contact information of the service providers, please refer to the **Annex**. For other enquiries, please contact the Home-school Cooperation Section at 3698 4376.
