## 2021 Hong Kong Awards for Environmental Excellence (Schools Sector)

### Aims

This is to invite kindergartens, primary and secondary schools to join the captioned award scheme.

### Details

2. Established since 2008, the Hong Kong Awards for Environmental Excellence (the HKAEE) has been led by the Environmental Campaign Committee (ECC), together with the Environmental Protection Department (EPD) and in conjunction with nine organisations. The HKAEE is one of the most prestigious and reputable award schemes in Hong Kong and covers 11 sectors for non-Small and Medium Enterprises (non-SMEs), including the Schools Sector as well as 4 sectors for SMEs. The HKAEE (Schools Sector) aims at recognising efforts put in by schools on environmental management and education; encouraging schools' continuous improvement in environmental action and performance by integrating environmental elements into school curriculum and long-term development through a whole-school approach; creating an overall environmentally friendly ambience within the schools sector; and recognising schools with excellent environmental performance.

3. The scheme, which is open to all schools in Hong Kong, is divided into Pre-school, Primary School and Secondary School sub-sectors. Details of the scheme are provided in **Appendix 1a**.

4. If schools wish to participate in the 2021 HKAEE (Schools Sector), please complete the **Application Form** through the online portal at <https://www.hkaee.gov.hk/schemes.php#apply> **on or before 31 December 2021 (Friday)**. Paper form is also available as an alternative at **Appendix 1b**.

### Enquiry

5. For enquiries, please contact the technical consultant of the HKAEE (Schools Sector), WWF-Hong Kong, by phone at 2864 1412 or email at [hkaee@wwf.org.hk](mailto:hkaee@wwf.org.hk).

## **2021 Hong Kong Awards for Environmental Excellence (Schools Sector)**

### **1. Introduction**

- 1.1 The Hong Kong Awards for Environmental Excellence (the HKAEE) is led by the Environmental Campaign Committee (ECC), together with the Environmental Protection Department (EPD) and in conjunction with nine organisations. Established since 2008, the HKAEE has been one of the most prestigious and reputable award schemes in Hong Kong and covers 11 sectors for non-Small and Medium Enterprises (non-SMEs), including the Schools Sector as well as 4 sectors for SMEs.
- 1.2 The Hong Kong Green School Award (HKGSA), an award scheme organised by the ECC before, has been subsumed under the HKAEE (Schools Sector) starting from the 2021/22 school year. A new assessment mechanism will be adopted to select the winners for the HKAEE (Schools Sector).
- 1.3 Details of the award scheme are set out in the ensuing paragraphs.

### **2. Objectives**

- To recognise efforts put in by schools on environmental management and education;
- To encourage schools' continuous improvement in environmental action and performance by integrating environmental elements into school curriculum and long-term development through a whole-school approach;
- To create an overall environmentally friendly ambience within the schools sector; and
- To recognise schools with excellent environmental performance.

### **3. Eligibility**

- All registered schools under the Education Bureau (EDB) are eligible to participate in the 2021 HKAEE (Schools Sector).
- The Schools Sector is further divided into Pre-school, Primary School and

Secondary School sub-sectors.

- To encourage wider participation, the Gold Award winner of each sub-sector of the previous year will not be eligible to join the HKAEE within the next two years. In other words, Gold Award winners (for Primary and Secondary School sub-sectors only) of 2019 and 2020 HKAEE will not be eligible for entering 2021 HKAEE (Schools Sector), and Gold Award winners of 2021 HKAEE will not be eligible to join 2022 and 2023 HKAEE (Schools Sector).
- The Organisers reserve the right to determine the eligibility of any applicant school.

#### **4. Programme Details and Activities**

##### **4.1 Facilitator Support**

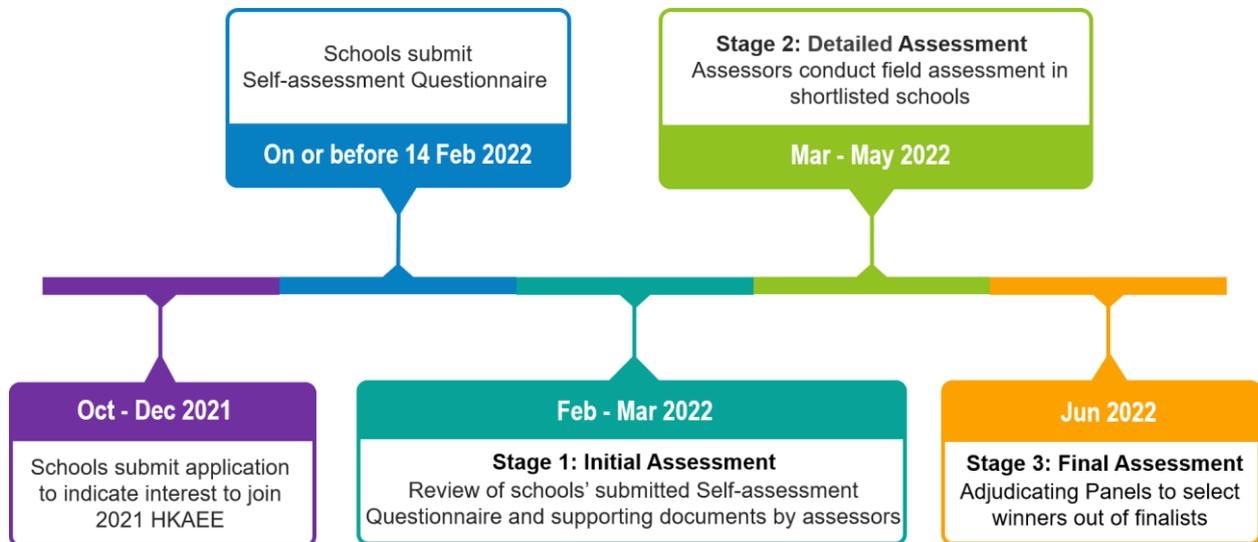

- To assist participating schools to understand more about the 2021 HKAEE (Schools Sector), facilitators can be provided for schools that require guidance and advice.
- Facilitators will volunteer to be responsible for mentoring schools by arranging visit(s) or sharing experience and/or providing suitable advice on green management via suitable channels. Each facilitator will be backed up by other team members with different skills to provide more holistic support to schools.
- **Facilitators would ONLY be allocated to schools upon request.** Schools interested in having a facilitator should indicate their request when submitting their applications. The duration of support will be one school year.

##### **4.2 Virtual Winning School Visits cum Environmental Training Workshops**

- To enrich participating schools' understanding of the new assessment criteria under the 2021 HKAEE (Schools Sector) and enable past winning schools of the HKAEE and/or HKGSA to share their successful experiences in formulating school environmental management policies and implementing environmental education, three sessions of virtual winning school visits cum environmental training workshops will be arranged in November and December 2021. **Details will be announced in due course.**

## 4.3 Application and Assessment

### 4.3.1 *Process and Procedure*

#### Application

- Schools who wish to join the 2021 HKAEE are required to submit an **application form on or before 31 December 2021 (Friday)** to indicate their wish to:
  - i) participate in the Award
  - ii) apply for facilitator support (if necessary)
- To reduce use of paper, schools are encouraged to submit their application through online portal (<https://www.hkaee.gov.hk/schemes.php#apply>). Paper form is also available as an alternative at **Appendix 1b**.

#### Self-assessment

- Participating schools are required to complete a **Self-assessment Questionnaire** to review their environmental performance in the **past school year (i.e. 2020/21 school year)**.
- Schools should submit the Self-assessment Questionnaire **on or before 14 February 2022 (Monday)**.

### Stage 1 – Initial Assessment

- The technical consultant will review the Self-assessment Questionnaire and supporting documents submitted by schools and may request supplementary information if necessary.
- The Organisers will shortlist eligible schools for Stage 2 – Detailed Assessment.
- All eligible schools that have completed Stage 1 but have not received any awards will receive a Participation Certificate after the completion of all assessment processes.

### Stage 2 – Detailed Assessment

- Assessors will conduct a field visit at shortlisted schools. The visit will comprise a school tour arranged by the school (to showcase the school's environmental facilities and measures) and an interview with school representatives, including but not limited to its top management, teaching and general staff, students, etc.
- During the site visit, schools are encouraged to introduce their environmental initiatives to the assessors to provide them with an in-depth understanding of their environmental performance and the status of implementation.
- Assessors will then prepare the assessment reports for submission to the Organisers for further short-listing schools into Stage 3 – Final Assessment.
- Schools which have successfully completed Stage 2 will receive a complimentary report on their environmental performance. The report will outline the school's strengths and highlight areas where improvements could be made, which is very useful to facilitate participating schools to evaluate their performance and identify areas for further advancement.\_

### Stage 3 – Final Assessment

- Final Adjudicating Panel will review the environmental performance of finalist schools.
- The Panel will invite finalist schools to make a short presentation during the final adjudication.
- The Panel will comprise representatives from schools, government departments, professional bodies and the like.

### 4.3.2 Assessment Criteria

Participating schools will be assessed under three main areas, namely **Green Leadership, Programme and Performance** and **Partner Synergy**, with the following key components and weighting:

Assessment Area	Key Components	Weighting
A) Green Leadership	<ul style="list-style-type: none"> <li>• Environmental Policy</li> <li>• School Management Support and Commitment</li> <li>• Education for Sustainable Development / Environmental Education Plan in School Curriculum</li> </ul>	20%

## **“We Value Courtesy”: “Six Arts” 4-Panel Comic Drawing Competition**

### **Aims / Objectives**

This is to invite primary schools to participate in the captioned competition.

### **Details**

2. The competition is co-organised by the Values Education and Promotion Center, Zijing Culture and Communication Research Center (Tsinghua University Press), Hong Kong Federation of Education Workers and Hok Yau Club. Education Bureau is the supporting organisation of the competition. It aims to deepen students’ understanding and recognition of Chinese history and Chinese culture, as well as nurture their positive values and attitudes to treat others with courtesy through learning “Six Arts” from the short videos and showcasing their learning outcomes in the form of comic drawings.

3. The theme of the competition is "Six Arts". Please refer to Appendix 2a (Chinese version only) for details. School interested in participating in the captioned competition, please complete and return the application form (Appendix 2b) to Hok Yau Club by email (email address: [6ngai@hyc.org.hk](mailto:6ngai@hyc.org.hk)) on or before **15 December 2021 (Wednesday)**. Participating schools can submit at most two outstanding student works between 4 January 2022 and 11 February 2022. Participating school will receive 100 sets of "Six Arts" stationery on a first-come-first-served basis.

## The Thirty-ninth Hong Kong Mathematics Olympiad (HKMO) (2021/22)

### Aims / Objectives

This is to invite secondary schools to participate in the captioned competition.

### Details

2. The Thirty-ninth Hong Kong Mathematics Olympiad (39th HKMO) is jointly organised by the Curriculum Development Institute, EDB and the Department of Mathematics and Information Technology of The Education University of Hong Kong. The aim of the competition is to develop students' mathematical abilities and foster their interest in mathematics.

3. The Heats of the 39th HKMO will be held in the morning of 19 February 2022 (Saturday). The 50 teams with the highest aggregate scores (sum of the scores in **Paper 1 and Paper 2**) in the Heats will enter the Finals which is scheduled for April 2022.

4. Similar to the 38th HKMO, to abide with the social distancing regulation, the Heats of the 39th HKMO will be held in a mixed mode at each participant's schools. Further details on the technical requirements and arrangements will be provided to the participating schools after the enrolment.

5. Schools may enrol to participate in the 39th HKMO by submitting the completed e-form on the website: <https://forms.gle/4sRDR59QHH7U9q9z5> **on or before 14 January 2022 (Friday)**. Details of the 39th HKMO can also be found in the following website:

<https://www.edb.gov.hk/en/curriculum-development/kla/ma/res/sa/hkmo-index.html>

6. Regulations for the captioned competition are attached (**Appendix 5a**).

### Contact Person

7. For enquiries, please contact Mr CHENG Sze-man of Mathematics Education Section, Curriculum Development Institute, EDB on 2153 7436.

**The Thirty-ninth Hong Kong Mathematics Olympiad (2021/22)****Regulations of the Heats**

1. The Heats consists of two individual rounds, each with one paper: **60 minutes** for Paper 1 and **20 minutes** for Paper 2.
2. Each school may nominate **at most 6 student participants** of **Secondary 5 level or below**. Any 4 of them may take part in Paper 1 and any 4 of them may take part in Paper 2. Teams of less than 4 members will be disqualified.
3. All student participants, **accompanied by the teacher-in-charge, should wear proper school uniform**. The competition will commence at 9:00 a.m. sharp.
4. Question papers are printed in both Chinese and English.
5. Each participant has to solve 15 questions in Paper 1 (**10 questions in Part A** and **5 questions in Part B**), and 8 questions in Paper 2 (**4 questions in Part A** and **4 questions in Part B**).
6. During the competition, devices such as calculators, four-figure tables, protractors, compasses, set squares and rulers will **not** be allowed to use throughout the competition, otherwise the participant will be disqualified or risk deduction of marks.
7. **All answers should be numerical and reduced to the simplest form unless stated otherwise. No proof or demonstration of work is required.**
8. All electronic communication devices (include tablets, mobile phones, multimedia players, electronic dictionaries, databank watches, smart watches or other wearable technologies with communication or data storage functions) and alarm device(s) should be turned off during the competition. Failing to do so, the participant **will risk disqualification**.
9. For Paper 1, 1 mark and 2 marks will be given to each correct answer in Part A and Part B respectively. The total maximum score for a school team should be 80.
10. For Paper 2, 2 marks and 3 marks will be given to each correct answer in Part A and Part B respectively. The total maximum score for a school team should be 80.
11. No mark for speed will be awarded in the competition.
12. Participants should bring along their own writing instruments, e.g. **ball pens** and **pencils**.

13. The 50 teams with the highest aggregate scores (sum of the scores in Paper 1 and Paper 2) will be qualified for the Finals.

14. Awards:

(a) For each of Paper 1 and Paper 2, after arranging all participant's scores in the order from the highest to the lowest

(i) participants obtaining full score will be awarded Best Performance honour certificates ;

(ii) after deducting those participants with full score achievement as in (i),

(1) the first 2% from the remaining participants in the said order will be awarded First-class honour certificates ;

(2) the next 5% from the remaining participants will be awarded Second-class honour certificates ; and

(3) the next 10% from the remaining participants will be awarded Third-class honour certificates ;

(b) About 10% of participating schools with the highest aggregate scores (sum of the scores in Paper 1 and Paper 2) in each of the following regions, namely Hong Kong Island, Kowloon East, Kowloon West, the New Territories East, and the New Territories West, will be awarded certificates of merit.

15. Should there be any queries, participants should reach Mr CHENG Sze-man, the representative of EDB in the Organising Committee, **via the teacher-in-charge** at 2153 7436 immediately after the competition. The decision of the Organising Committee on the queries is final.

## **Mathematics Project Competition and Mathematics Book Report Competition for Secondary Schools (2021/22)**

### **Details**

The captioned competitions are organised by the Curriculum Development Institute, EDB. They aim at promoting students' interest in learning Mathematics and developing students' generic skills through project learning and reading. Details of the competitions are given below:

#### **Mathematics Project Competition for Secondary Schools**

The objective of this competition is to enrich students' learning and arouse their interests in mathematics. The competition provides alternative learning experiences and is a powerful tool to develop students' independent learning capabilities and promote self-directed learning. There are two categories in which students can participate, namely Category A (Junior secondary project) and Category B (S1 mini-project).

#### **1. Rules for the Mathematics Project Competition for Secondary Schools**

- (a) All local secondary school students of secondary 1 to 3 are eligible to participate in the Competition. All students of secondary 1 to 3 are eligible to participate in Category A (Junior secondary project). Each team in this category should comprise **two to six students of secondary 1 to 3**. Category B (S1 mini-project) is open to students of secondary 1 only. Each team in this category should comprise **two to six students of secondary 1**. There is no restriction on the number of teams from each school for each category. However, each student can participate in only one team and only one project in either one category but not both.
- (b) For Category A and Category B, the theme can be any topics in Mathematics. The project may be a study on a mathematical topic or a study on using mathematics in real-life problems. A "Mathematical Modelling Award" is set up for the projects which make good uses of mathematical modelling, to encourage students to employ concepts of mathematical modelling in their projects to tackle problems.
- (c) A written report and the product(s), if any, must be submitted by each participating team.
- (d) The content of the written report should be relevant and concise. There is no restriction on the number of pages for reports of Category A. For the mini-project of Category B, the report **should not exceed 10 pages**, excluding the cover of the report.
- (e) The content of the written report **should not contain any information of the participants**, including the school name, the name of the teacher supervisor and the

names of team members, etc. **Otherwise, marks may be deducted.**

- (f) The written report must be written in either Chinese or English. Participants must not plagiarise the work of others. If the content of any books or other references are cited in the report, the details of the sources, such as the names of the books or the URLs of websites, must be indicated clearly. All reports may be checked with plagiarism detection software. **Marks will be deducted if the report fails to comply with the requirements.**
- (g) The written report must be typed and submitted in MS Word format (as .doc/ .docx file) or in pdf format (as .pdf file), using “Times New Roman” or “Calibri” font for English text or “PMingLiu” (新細明體), “MingLiu” (細明體) or “KaiU” (標楷體) for Chinese text, with font size at least 12, and in A4 format, using the school name and the title of the project as the file name (e.g. *ABC\_School\_Magic\_Square.docx*). **The handwritten report or its scanned copy is not accepted.** Marks may be deducted for the submitted files failing to comply with the specific requirements. Each participating school must submit the written project(s) through email from the teacher-in-charge’s email address to [cdoma4@edb.gov.hk](mailto:cdoma4@edb.gov.hk) on or before **5:00 p.m. on 16 March 2022 (Wednesday)**.
- (h) Participants should note that file formats such as GeoGebra files, Excel files and other programmes, etc may be blocked by the firewall of EDB and hence cannot be submitted through email. These files may either be submitted as follows: (1) for files stored in a Cloud Drive, for example Google drive, the link for accessing the files should be submitted with the project through email to [cdoma4@edb.gov.hk](mailto:cdoma4@edb.gov.hk) on or before the deadline; and (2) for files stored or in an USB flash drive or a DVD, the USB flash drive or DVD should be submitted together with the deliverable product, etc (if any), to the Mathematics Education Section, Curriculum Development Institute, EDB **by hand** on or before **5:00 p.m. on 16 March 2022 (Wednesday)**.
- (i) **Online nomination form**  
In addition to the project(s) to be submitted through email or by hand, the teacher-in-charge is required to represent the participating school to complete and submit an online nomination form (Website: <https://forms.gle/NWEosqrFQX9hATyWA>) **on or before 5:00 p.m. on 16 March 2022 (Wednesday)**. The online nomination form includes the basic information of the school and the teacher-in-charge, a declaration and the information sheet of individual report of each category. The information sheet includes the title of project, a project summary in no more than 200 words, the personal information of teacher supervisor and participants, and the language used for the presentation/responding questions in the interview, if applicable. **It is recommended that teacher-in-charge should reserve enough time to complete and submit the online nomination form.**

- (j) After the project is received through email or by hand, and the online nomination form is submitted successfully, the Education Bureau will issue an email of acknowledgement to the teacher-in-charge by 21 March 2022 (Monday).
- (k) The project will not be adjudicated if it has been awarded for any prizes in any open competitions.
- (l) The champion, first runner-up, second runner-up, the team of best presentation of Category A of the Mathematics Project Competition for Secondary Schools shall give brief presentations in the Prize-giving Ceremony. The team(s) receiving the Mathematical Modelling Award may be invited to present in the Prize-giving Ceremony. The Prize-giving Ceremony will be videotaped and photo-taken.
- (m) All the videos recorded and photos taken in the interview and Prize-giving Ceremony will be used for promoting Mathematics Project Competition for Secondary Schools.
- (n) The Education Bureau reserves the right to publish in full or part of the projects, including the written reports, videos recorded and photos taken in the interview and Prize-giving Ceremony.
- (o) Participants will be responsible for the production costs of their projects.
- (p) Submitted reports cannot be amended. Only the first submitted version will be adjudicated.
- (q) Late submissions will not be adjudicated.
- (r) The decision of the Organising Committee for the Mathematics Project Competition for Secondary Schools is final.

## **2. Adjudication of the Mathematics Project Competition for Secondary Schools**

The panel of judges comprises scholars in tertiary education, teachers experienced in supervising mathematics projects and representatives from the Education Bureau. All projects will be assessed according to the following criteria:

- (a) whether the mathematical principles described/adopted are appropriate and whether the methods (if applicable) used are reliable;
- (b) whether the project is innovative, creative and able to exhibit/apply collaboration skills, communication skills, problem-solving skills, critical thinking skills and creativity; and
- (c) whether the presentation is logical, systematic, concise and analytical.

For Category A, the preliminary adjudication based on the written report and the product(s) of the project, if any, will be conducted. Selected teams (hereinafter referred to as the “finalists”) will be invited to attend an interview conducted by a panel of judges and the adjudication panel would select the teams for the awards of Champion, First runner-up,

Second runner-up, Best presentation, and Outstanding performance. Teacher-in-charge has to represent participants to select only one language, either Cantonese, Putonghua or English, to present their project verbally and respond to adjudicators' questions in the interview when completing the information sheet of the online nomination form. The interview will be videotaped and photo-taken.

For Category B, the preliminary adjudication based on the written report will be conducted. Appropriate teams will be invited to attend an online interview conducted by a panel of judges and the adjudication panel would select the team(s) of Outstanding performance. Teacher-in-charge has to represent participants to select only one language, either Cantonese, Putonghua or English, to respond to adjudicators' questions in the online interview when completing the information sheet of the online nomination form. The online interview will be recorded.

### 3. Prizes of the Mathematics Project Competition for Secondary Schools

Awards for Category A consist of Champion, First runner-up, Second runner-up, Best presentation, Outstanding Performance, Good Performance and Mathematical Modelling Award. Certificates of merit will be presented to the teacher supervisors of all the awardees. A champion trophy will also be presented to the school of the champion team for retention of one year. The prizes of each award are as follows:

Awards for Category A	Prizes
Champion	Gold medal, trophy, certificate of merit and HK\$1,200 book coupon
First runner-up	Silver medal, trophy, certificate of merit and HK \$900 book coupon
Second runner-up	Bronze medal, trophy, certificate of merit and HK \$600 book coupon
Best presentation	Trophy, certificate of merit and HK \$300 book coupon
Outstanding Performance (Number of teams depending on the quality of the entries)	Trophy, certificate of merit and HK \$300 book coupon
Good Performance (Number of teams depending on the quality of the entries)	Certificate of merit
Mathematical Modelling Award (Number of teams depending on the quality of the entries)	Certificate of merit and HK\$300 book coupon

Awards for Category B consist of Outstanding Performance, Good Performance and Mathematical Modelling Award. Certificates of merit will be presented to the teacher supervisors of all the awardees. The prizes of each award are as follows:

Awards for Category B	Prizes
Outstanding Performance (Number of teams depending on the quality of the entries)	Certificate of merit and HK \$300 book coupon
Good Performance (Number of teams depending on the quality of the entries)	Certificate of merit
Mathematical Modelling Award (Number of teams depending on the quality of the entries)	Certificate of merit and HK\$300 book coupon

## Mathematics Book Report Competition for Secondary Schools

The objectives of this competition are to enhance students' motivation and interest in reading Mathematics books, and strengthen their learning ability to foster lifelong learning and whole person development.

### 1. Rules for the Mathematics Book Report Competition for Secondary Schools

- (a) All local secondary school students are eligible to participate in the Competition. Students of secondary 1 to 3 are eligible to participate in the Junior Secondary Category and students of secondary 4 to 6 are eligible to participate in the Senior Secondary Category. Each book report must be written by one student. Each student can submit only one book report. **Each school may nominate at most four students from Secondary Three or below to participate in the Junior Secondary Category, and at most four students from Secondary Four or above to participate in the Senior Secondary Category. Moreover, each school may at most nominate six students in total to participate in the Mathematics Book Report Competition for Secondary Schools.**
- (b) Each participant must select one book from the suggested book list to complete the book report, and the content of the book report must be regarding the book selected. The report must cover a substantial part of the content of the book. Participants may make reference to other books or websites to enrich the content of their book reports.

**The suggested book list will be revised every year.**

(c) The content of the book report :

- must be concisely written.
- **at most 3,000** and **4,000 words** for the Junior Secondary Category and the Senior Secondary Category respectively (excluding the covering page, the table of contents, footnotes and bibliography).
- **The book report of a Chinese book must be written in Chinese and the book report of an English book must be written in English.** The total number of words for each book report must be stated in the first page.
- **Marks will be deducted or the report will be disqualified if the report fails to comply with the requirements.**

(d) The book report must be

- typed and submitted in MS Word format (as .doc/.docx file),
- using “Times New Roman” or “Calibri” font for English text or “PMingLiu” (新細明體) or “KaiU” (標楷體) for Chinese text, size 12, and double-spacing.
- **The handwritten report or its scanned copy is not accepted. Any handwritten texts or handwritten calculations in the report will not be adjudicated.**

(e) The first page of the book report must include

- title of the book,
- school name,
- class and full name of the student in both Chinese and English, and
- the total number of words.

**The student is strictly forbidden to disclose his/her name and school name in the book report other than its first page, otherwise marks will be deducted.**

- (f) The book report must be submitted in MS Word format and of size less than 8 MB, with the name of the school and student as the file name (e.g. *ABC\_Sec\_Sch\_Chan\_Tai\_Tak.doc*). **Each participating school must submit the book report(s) through email from the teacher-in-charge's email address to [cdoma6@edb.gov.hk](mailto:cdoma6@edb.gov.hk) on or before 5:00 p.m. on 23 March 2022 (Wednesday).**
- (g) **Online nomination form**  
In addition to the book report(s) to be submitted through email, the teacher-in-charge is required to complete and submit an online nomination form (Website: <https://forms.gle/eeTzT1Lm55ztD4SL7>) by **5:00 p.m., 23 March 2022 (Wednesday)**. **Teacher-in-charge is recommended to reserve sufficient time to complete and submit the online nomination form.**
- 
- (h) Participants must not submit any book report (in any form or its translation) that has been sent to this competition before or other open competitions. Participants must not plagiarise the work of others. If the content of the book or other references, including tables and diagrams, are quoted in the report, the details of the sources, such as the names of the books or the URLs of websites, must be indicated clearly. All reports will be checked by plagiarism detection software. **Marks will be deducted or the report will be disqualified if the report fails to comply with the requirements.**
- (i) The submitted book report cannot be amended. Only the first submitted version will be adjudicated.
- (j) All book reports submitted later than the deadline will not be adjudicated.
- (k) All book reports will not be returned.
- (l) The copyrights of all submitted book reports belong to the Education Bureau. The Education Bureau has the right to publish in full or part of the book reports.
- (m) The decision of the Organising Committee for Mathematics Book Report Competition for Secondary Schools is final.

## **2. Prizes of the Mathematics Book Report Competition for Secondary Schools**

- The awards to outstanding reports will be classified into First Class Prize, Second Class Prize, Appreciation Award and Chinese Cultural Award, which is newly created this school year.
- The purpose of Chinese Cultural Award is to nurture students into good citizens who have a strong sense of national identity by encouraging them to understand the cultural and historical development of Chinese mathematics, and the contributions of mathematicians with Chinese roots through reading.

- The Chinese Cultural Award will be awarded additionally to the students obtaining First Class Prizes, Second Class Prizes or Appreciation Awards, who also show good description of and reflection on the cultural and historical development of Chinese mathematics or the contributions of mathematicians with Chinese roots in their book reports.
- The prizes for each award are as follows:

Awards	Prizes
First Class Prize	Trophy, HK\$300 book coupon and certificate of merit
Second Class Prize	HK\$50 book coupon and certificate of merit
Appreciation Award	Certificate of appreciation
Chinese Cultural Award	HK\$50 book coupon and certificate of appreciation

### 3. Adjudication of the Mathematics Book Report Competition for Secondary Schools

The panel of judges comprises experienced Mathematics teachers, academics from tertiary education, and representatives from the Mathematics Education Section, Curriculum Development Institute, EDB. All book reports will be assessed according to the following items:

Content	Junior Secondary Category	Senior Secondary Category
(a) description of the part of the book the student likes most (conciseness and precision) and the reasons why it appeals to the student	25%	20%
(b) student's understanding of the content of the book	25%	20%
(c) student's mathematical reflection on the book	25%	40%
(d) student's writing skill	25%	20%

## **Creative Infographic Design Competition on Applications of Mathematics for Primary and Secondary Schools (2021/22)**

### **Aims / Objectives**

This is to invite primary and secondary schools to nominate students to participate in the captioned Competition.

### **Details**

2. The Creative Infographic Design Competition on Applications of Mathematics for Primary and Secondary Schools is organised by the Curriculum Development Institute, EDB. The aims of the Competition are to promote students' interest in learning mathematics and enhance their awareness of the applications of mathematics in different aspects in real life.

3. To provide schools with details of the Competition, the EDB will hold a briefing seminar on **13 December 2021 (Monday)** in Lecture Theatre (WB), 4/F, West Block, Education Bureau Kowloon Tong Education Services Centre, 19 Suffolk Road, Kowloon Tong, Kowloon. The seminar would also include an Award Presentation Ceremony for the prize winners of the competition in the 2020/21 school year, and an experience sharing session by award-winning schools on guiding students in designing infographics. For details of the seminar, please visit the EDB Training Calendar System (Course ID: CDI020220465).

4. Schools may nominate students to participate in the Competition by completing the Application Form (**Appendix 7a**) and returning it to the Mathematics Education Section, Curriculum Development Institute, EDB by mail or fax **on or before 18 February 2022 (Friday)**. The deadline for the submission of students' works is **5:00 p.m. on 23 March 2022 (Wednesday)**.

5. Please refer to **Appendix 7b** for the form to be submitted together with students' works. For the regulations of the captioned competition, please refer to **Appendix 7c**.

6. In case of class suspension for schools due to special circumstances, the application deadline and the deadline for submission of entries may be postponed. Other arrangements of the competition may also be changed. Latest information will be updated on the related EDB website (<https://www.edb.gov.hk/en/curriculum-development/kla/ma/res/sa/midc.html>).

Teacher supervisors will also be informed by email through the email addresses provided in the application form.

## **Creative Infographic Design Competition on Applications of Mathematics for Primary and Secondary Schools (2021/22)**

### **Details**

The captioned competition is organised by the Curriculum Development Institute, EDB. It aims at promoting students' interest in learning Mathematics and enhancing students' recognition on applying mathematics in different aspects in real life. The competition encourages students to design infographics which incorporate the elements of graphs, diagrams, text and mathematical expressions in creative ways to express the real-life applications of mathematics effectively and clearly. Through the competition, students' understanding of the role of mathematics in STEM would be enhanced. Students are also encouraged to appreciate mathematics in multiple perspectives and develop their creativity and communication skills. Details of the competition are given below:

#### **1. Rules for the Creative Infographic Design Competition on Applications of Mathematics**

- (a) The competition is on individual basis in three categories, namely the Upper Primary Category (Primary 4 to 6), Junior Secondary Category (Secondary 1 to 3) and Senior Secondary Category (Secondary 4 to 6). All upper primary school students and secondary school students who are studying in local primary and secondary schools are eligible to participate in the competition.
- (b) Each school can nominate at most ten students to participate in the competition. Each student may only submit one piece of work which includes an infographic and a short essay.
  - (i) The information conveyed by the infographic must be related to the specific theme of the year. The infographic should express the applications of mathematics under the specific theme clearly and accurately with the aid of graphs, charts, text and mathematical expressions, etc. The targets of the design are to allow general public to understand the applications of mathematics in real life, and to promote the contribution of mathematics in different aspects. **The theme of this year's competition is "When Sports Meets Mathematics".**

(ii) The basic specifications of the infographic:

Size	A3 (297mm × 420mm) Maximum size of the file is 10MB
Type of file	jpeg
Resolution	Must have sufficient resolution for clear display of all elements of the infographic, such as text and graphs.
Colour	The number of colours is unlimited
Design	<ul style="list-style-type: none"><li>• Should introduce the applications of mathematics in a specific area and convey related information.</li><li>• Should emphasise the positive influence of mathematics in the specific area.</li></ul>

(iii) Participants should attach a short essay (either in English or Chinese) along with the infographic, introducing the design concept and content of the infographic. The short essay should be written in **at most** 150 words for the Upper Primary Category and **at most** 300 words for the Junior Secondary and Senior Secondary Categories, punctuation marks counted in Chinese essays. **Marks will be deducted or the entries will be disqualified if the number of words fails to comply with the requirement.**

(iv) The short essay must be typeset by computer and submitted in MS Word format or in PDF format fulfilling the following requirements:

Type of the file	doc / docx / pdf
Font type in English	Times New Roman
Font type in Chinese	PMingLiu (新細明體) or MingLiu (細明體)
Font size	12
Line spacing	Double line spacing

The short essay must be composed in text only and mathematical expressions may also be included. **Handwritten short essays or their scanned copies will not be adjudicated.**

- (c) The content of the infographic and short essay **should not contain any identifications of the participant**, such as the school name and the name of the teacher supervisor, etc. **Otherwise, marks may be deducted.**
- (d) Each participant and his/her parent/guardian have to sign the Declaration and Consent Form in **Appendix 7b** to declare that both the infographic and short essay are the original work of the participant, and have never been previously submitted to this competition or other open competitions. The details of sources of all reference information, including tables and diagrams, if quoted in the infographic or short essay, must be indicated clearly as an appendix to the short essay. The details of the sources should include information such as the names of the books and their authors, or the URLs of websites. The entry will be **disqualified or will not be adjudicated** if the infographic and short essay fail to comply with the requirements.
- (e) Each participating school should submit all the entries (including the infographics and the short essays) and the Declaration and Consent Form (**See Appendix 7b**) of each participant together through email to [cdoma3@edb.gov.hk](mailto:cdoma3@edb.gov.hk) via the email address of the teacher-in-charge by **5:00 p.m. on 23 March 2022 (Wednesday)**.
- (i) The file name of the infographic and short essay must be formed by the name of the school and student plus “\_graph” and “\_essay” respectively (e.g. *Pri\_ABC School\_LiSiuMing\_graph.jpg* and *Pri\_ABC School\_LiSiuMing\_essay.doc*; *Sec\_EFG College\_ChanTaiMan\_graph.jpg* and *Sec\_EFG College\_ChanTaiMan\_essay.doc*).
- (ii) The signed Declaration and Consent Form should be scanned and saved in PDF format, with the name of school and student as the file name (e.g. *Pri\_ABC School\_LiSiuMing.pdf* and *Sec\_EFG College\_ChanTaiMan.pdf*).
- (iii) The Declaration and Consent Form can be downloaded from the website of the Creative Infographic Design Competition on Applications of Mathematics for Primary and Secondary Schools:

<https://www.edb.gov.hk/en/curriculum-development/kla/ma/res/sa/midc.html>

- (f) Schools may also submit DVDs or USB flash memories containing all the electronic versions of infographic(s), short essay(s) and Declaration and Consent Form(s) in an envelope **by hand** to the Mathematics Education Section, Curriculum Development Institute, EDB by **5:00 p.m. on 23 March 2022 (Wednesday)**. The envelope should

indicate “Creative Infographic Design Competition on Applications of Mathematics (2021/22)” on the cover.

(g) **Online nomination form**

In addition to the electronic versions of infographic(s), short essay(s) and Declaration and Consent Form(s) to be submitted through email or by hand, the teacher-in-charge is required to represent the participating school to complete and submit an online nomination form (Website: <https://forms.gle/TNyk3u4fv8JuJwCQ8>) **on or before 5:00 p.m. on 23 March 2022 (Wednesday)**. The online nomination form requires the basic information of the school and the teacher-in-charge, the information sheet of each entry. The information sheet includes the title of the infographic and short essay, and the personal information of teacher supervisor and participants. **It is recommended that teacher-in-charge should reserve enough time to complete and submit the online nomination form.**

- (h) Submitted infographics and short essays cannot be amended. Only the first submitted version will be adjudicated.
- (i) Late submissions will not be adjudicated.
- (j) After the infographics and short essays are received through email or by hand, and the online nomination form is submitted successfully, the Education Bureau will issue an email of acknowledgement to the teacher-in-charge by **25 March 2022 (Friday)**.
- (k) The winners of the competition for each category may be invited to give brief presentations in the Award Presentation Ceremony. The Award Presentation Ceremony will be videotaped and photo-taken. All the videos recorded and photos taken in the Award Presentation Ceremony will be used for promoting the competition or other education initiatives by the EDB.
- (l) The Education Bureau reserves the right to publish in full or part of the students’ works, videos recorded and photos taken in the Award Presentation Ceremony. All infographics and short essays will not be returned.
- (m) The decision of the Organising Committee for the Creative Infographic Design Competition on Applications of Mathematics is final.

**2. Adjudication of the Competition**

The panel of judges comprises scholars in tertiary institutions, experienced primary and secondary teachers, and representatives from the Education Bureau. All entries will be assessed according to the following criteria:

- (a) whether the infographic can effectively convey accurate and appropriate information related to the theme of the competition, and highlight the positive impact of the applications of mathematics in the area(s) related to the theme;
- (b) whether the infographic is creative and able to exhibit students' generic skills, such as communication skills and creativity;
- (c) whether the presentation of the infographic is systematic, concise and attractive;
- (d) whether the mathematical content of the infographic is appropriate and relevant to the theme of the competition; and
- (e) whether the content of the short essay can effectively explain the concept of the infographic design and the arrangement of content.

### 3. Prizes of the Competition

There are Gold Award, Silver Award and Bronze Award for each of the Upper Primary Category, Junior Secondary Category and Senior Secondary Category respectively. There can be multiple winners for each award. The prizes of each award are as follows.

Awards for each Group	Prizes
Gold	Trophy, certificate of merit and HK\$300 book coupon
Silver	Certificate of merit and HK\$200 book coupon
Bronze	Certificate of merit and HK\$100 book coupon

## **Campaign on “Promoting Positive Values and Attitudes through English Sayings of Wisdom 2021/22” –**

### **“Week of Hope” and “SOW Creativity Contest: A Moment in Time”**

#### **Aims / Objectives**

The purpose of this circular memorandum is to invite primary and secondary schools to participate in the “Week of Hope”, a school-based activity, and the “SOW Creativity Contest: A Moment in Time” under the cross-curricular campaign “Promoting Positive Values and Attitudes through English Sayings of Wisdom (SOW) 2021/22” organised by the English Language Education (ELE) Section and the Native-speaking English Teacher (NET) Section of the Curriculum Development Institute, the Education Bureau (EDB).

#### **Details**

2. To sustain the continued efforts and positive impacts of the SOW Campaign in the 2020/21 school year, the SOW Campaign 2021/22, with an overarching theme of “Hope” and sub-themes from “My Pledge to Act 2021/22” (i.e. “Be Grateful and Treasure What We Have, Stay Positive and Optimistic”), will continue to serve as a platform to enrich students’ English learning experiences and nurture positive values and attitudes in them.

3. Schools are encouraged to leverage the platform to provide students with holistic learning experiences through cross-curricular collaboration and participate in the following activity and competition:

#### **(i) “Week of Hope”**

The “Week of Hope”, which is to be held within the period of 28 March – 8 April 2022, is a cross-curricular English Week in which schools organise their own activities that echo the theme(s) concerned to create a learning environment conducive to English learning and the promotion of values education and resonance in the community. An e-resource kit for the “Week of Hope” will be disseminated to provide schools with activity ideas. School-based support for organising the “Week of Hope” from the NET Section may also be provided for schools upon request. Interested schools should complete the Reply Form (Appendix 8b) and return it using a Google account **by 6:00 pm, 30 November 2021 (Tuesday)**. For details, please refer to Appendices 8a-8b.

(ii) **“SOW Creativity Contest: A Moment in Time”**

To enhance students’ multimodal literacy and develop their creativity through giving a creative response and expression to the SOW which inspire them, students are invited to create a 2D multimodal artwork and write a description illustrating a special moment related to a SOW of their choice. To prepare students for the contest, teachers of English Language, Visual Arts, and Moral, Civic and National Education are encouraged to integrate the learning and teaching of SOW, creative designs and values education into the respective school-based curricula.

Interested schools should submit the entries together with the completed Entry Submission Form using a Google account **by 6:00 pm, 28 February 2022 (Monday)**. Please refer to Appendices 8c-8d for details of the contest.

4. In support of the activity and competition, learning and teaching resources, including short videos, a resource kit, and a booklet on inspirational speeches, will be disseminated in due course. For more details about the SOW Campaign 2021/22, please refer to EDB Circular Memorandum No. 154/2021 and/or visit the SOW website ([www.edb.gov.hk/sow](http://www.edb.gov.hk/sow)).

**Campaign on “Promoting Positive Values and Attitudes through  
English Sayings of Wisdom 2021/22” –  
“SOW Creativity Contest: A Moment in Time”**

**Notes to Schools**

**1. Entry Requirements**

- Participants should be full-time students of primary or secondary schools in Hong Kong and parents/guardians of Primary 1–3 students (for the Lower Primary Parent-child Division).
- The Contest is divided into four divisions:
  - Lower Primary Parent-child Division (Primary 1–3)
  - Upper Primary Division (Primary 4–6)
  - Junior Secondary Division (Secondary 1–3)
  - Senior Secondary Division (Secondary 4–6)
- Entries should be submitted on an individual basis.

**2. Content**

- Each entry should include:
  - a saying of wisdom (SOW), which can be a proverb, quote or maxim, echoing the theme “Hope” and/or the sub-themes from “My Pledge to Act 2021/22” (i.e. “Be Grateful and Treasure What We Have, Stay Positive and Optimistic”) of the SOW Campaign 2021/22, or an original one from the participant;
  - a photo or a 2D artwork capturing a special moment related to the SOW of the participants’ choice; and
  - a short description of the respective photo/artwork and the SOW.
- The word limit of the short description for each division is as follows:
  - Lower Primary Parent-child Division (Primary 1–3): no more than 100 words
  - Upper Primary Division (Primary 4–6): no more than 120 words
  - Junior Secondary Division (Secondary 1–3): no more than 150 words
  - Senior Secondary Division (Secondary 4–6): no more than 200 words

**3. Rules and Regulations**

- Each student participant should submit only ONE original piece of artwork for the contest.
- For the Lower Primary Parent-child Division, each student participant can submit ONE original piece of artwork with a parent/guardian.
- Entries of the same division should be incorporated in ONE PDF file and submitted through the schools of the participants.
- Each school can submit a maximum of 10 entries for each division.
- The maximum size of the entry is A4.
- The SOW may or may not be included in the image(s) but it should be used as the title or

be included in the description.

- Only still images are allowed. Three-dimensional (3D) graphics or animations are not accepted. The visual representations can be:
  - hand-drawn (any media, such as poster colour, water colour, crayon, oil pastel and ink);
  - digitalised (still images of computer graphics or photographs); or
  - a collage or mosaic with an assemblage of various art forms.
- The entries will NOT be returned.
- Adjudication is anonymous. Any details of schools/teachers/students should not appear on any page of the PDF file except page 1, which is the completed Entry Submission Form.
- Please note that entry submission which is incomplete or does not comply with the entry requirements and the rules and regulations may be disqualified.
- The EDB reserves the right to modify the rules and regulations of the contest.

#### 4. Submission of Entries

**“Active Students, Active People” Campaign**  
**Sharing Sessions by Elite Athletes (II):**  
**Windsurf with Chan Hei-man**

**Aims / Objectives**

This is to invite primary and secondary schools to nominate upper primary (P4 – P6) and secondary (S1 – S6) students to participate in the captioned activity.

**Details**

2. Helping students develop an active and healthy lifestyle is one of the seven learning goals in the school curriculum. In support of this curriculum goal, the “Active Students, Active People” (“ASAP”) Campaign is launched by the Education Bureau in the 2021/22 school year to rally the concerted efforts of schools, families and other stakeholders in society to promote a better sport atmosphere in schools and encourage students to engage in regular exercise as soon as possible.

3. Under the “ASAP” Campaign, a series of sharing sessions by elite athletes will be organised for students to share on how they uphold their values during training and competitions. Through their encouraging stories, students are enthused to cultivate positive values and attitudes of perseverance, willingness to accept challenges, etc., as well as inspiring to pursue their dreams and stretch their potentials.

4. Ms CHAN Hei-man, a top elite windsurfer, is invited to share her stories and success in the second sharing session of the captioned activity series. She was crowned one gold and two silver medals at the 2010, 2014 and 2018 Asian Games. In the Tokyo 2020 Olympic Games, she finished an impressive eighth in the overall women’s RS: X fleet windsurfing event.

5. The activity will be conducted online for students on **19 November 2021 (Friday)**. For details, please refer to Appendix 9a. Schools interested in nominating students to participate in the activity may return the completed Application Form (Appendix 9b) to the Physical Education Section, EDB by fax or email **on or before 12 November 2021 (Friday)**.

**Contact Person**

6. For enquiries, please contact Ms Ada WONG of the Physical Education Section, EDB on 2762 0174.

## The Research Grants Council of the University Grants Committee Public Lectures related to Health Management and Social Care

### Aims / Objectives

This is to invite teachers and students of secondary schools to participate in the captioned lectures.

### Details

2. The Research Grants Council of the University Grants Committee (RGC) has regularly held public lectures since April 2009, inviting scholars funded by the RGC to introduce their research work to the public. Two public lectures related to Health Management and Social Care will be held this year. These lectures aim to enable teachers and students to learn more about researches on the latest retirement security for the elderly in the tertiary institutions and to promote students' interests in conducting researches related to the aforementioned disciplines, so as to help cultivate more local future research talents in related fields.

3. Details of the two retirement security-related lectures are as follows:

	<b>Date and Time</b>	<b>Topic and Synopsis of Lecture</b>	<b>Guest Speaker and Language</b>
1	4 December 2021 (Saturday)  3:30-4:30 p.m.	<p><i>Population Ageing in Hong Kong: Implications for Planning Health Services and Financing Retirement Security</i></p> <p>The twentieth century witnessed an unprecedented extension of human longevity around the world. However, the prospects of longer lives have led to concern over their implications for social, financial, health care and retirement systems. With one of the world's longest life expectancies at birth (88.1 for women, 82.2 for men in 2019), Hong Kong is now ageing faster than many other regions. In this lecture, research studies on the effects of longevity on health, disabilities and retirement security will be presented. The findings have influenced the development of reverse mortgages, annuities, voluntary health insurance scheme and long-term care insurance in Hong Kong.</p>	<p>Professor CHAN Wai Sum</p> <p>Professor</p> <p>The Chinese University of Hong Kong</p> <p>(Language medium: Cantonese)</p>

	<b>Date and Time</b>	<b>Topic and Synopsis of Lecture</b>	<b>Guest Speaker and Language</b>
2	4 December 2021 (Saturday)  4:30-5:30 p.m	<i>Income protection and poverty reduction in the aged population</i>  Despite its relative prosperity, Hong Kong is a rapidly ageing society with an exceptionally high poverty rate in old age. Addressing this has become a major priority for policymakers so that the well-being of elderly people can be improved while the burden on public finances can be managed in a sustainable manner. Prof CHOU Kee Lee's research led to more understanding of the limitations of the current official poverty line and provide a more balanced view on the debate on the pros and cons of universal and more targeted pension schemes.	Professor CHOU Kee Lee  Associate Vice President (Research) and Chair Professor of Social Policy  The Education University of Hong Kong  (Language medium: Cantonese)

4. The lectures will be conducted simultaneously in the Lecture Theatre of Hong Kong Central Library in the form of onsite lectures and online live broadcasts. Free admission and the seats are open to the public on a first-come, first-served basis. For details, please visit: <https://www.ugc.edu.hk/eng/rgc/about/events/lectures/lectures.html>

## Hong Kong Budding Poets (English) Award 2021/22

### Aims / Objectives

This is to invite primary and secondary schools to participate in the captioned competition.

### Details

2. The Hong Kong Budding Poets (English) Award (HKBPA) is a territory-wide writing competition for all primary and secondary school students in Hong Kong. It is organised by the Hong Kong Academy for Gifted Education (HKAGE) with the Education Bureau as the supporting organisation. The competition serves as a platform for students to express creatively through writing poetry in English. It also aims to identify gifted students in English (both primary and secondary levels) with a view to providing them with extended training in creative writing.

3. Schools wishing to take part in the competition may register through the online system (<https://hkage.org.hk/hkbpa/index.php>) from **1 November to 20 December 2021**. Schools are required to submit student entries via the above online system **on or before 1 March 2022 (Tuesday)**.

4. For details of the online registration, regulations, entry submission methods and awards of the competition, please refer to the website of the captioned competition (<https://www.hkage.org.hk/en/competitions>). Teachers and the participating students are advised to visit the website for the latest updates of the competition regularly.

5. As support to the student participants of this competition, literary activities such as workshops on poetry appreciation and writing will be arranged by HKAGE in January 2022. More details will be available on the above competition website later.

6. Each school will receive ONE copy of Hong Kong Budding Poets (English) Award Anthology 2020/21 in January 2022. Schools are requested to circulate the anthology among teachers for reference.

### Contact Person

7. For enquiries, please contact Ms Jenny CHENG of HKAGE on 3940 0502 or by email to [hkbpa@hkbpa.hkage.hk](mailto:hkbpa@hkbpa.hkage.hk).

## 「年度中國歷史人物選舉2021」系列活動

### 宗旨/目標

本通函旨在邀請全港中小學參與由國史教育中心（香港）主辦，多個機構協辦的「年度中國歷史人物選舉2021」系列活動（詳見附錄16a宣傳海報）。

### 詳情

2. 「年度中國歷史人物選舉2021」系列活動以「文以載道，學以興邦」為主題，旨在讓學生了解相關中國歷史人物對國家及社會文化的貢獻，從而提升他們對學習中國歷史的興趣，並培養其對國民身份的認同。本系列活動的參與對象雖以學生及教師為主，但亦十分鼓勵家長以至普羅大眾共同參與，以提升公眾對社會及國家歷史的關注，肯定中國歷史教育的意義。

3. 本系列活動分為「歷史人物選舉」及「專題研習報告比賽」兩部分，學校可選擇參加兩項或其中一項。有關詳情可參閱附錄16b至附錄16f。

4. 「歷史人物選舉」投票日期為2021年11月5日（星期五）至11月19日（星期五）。參與者可在網上投票或用紙質選票投票。

5. 「專題研習報告比賽」截止報名日期為2022年1月7日（星期五）下午5時前，報告繳交日期為2022年4月20日（星期三）下午5時前。

6. 有興趣參加上述系列活動的學校，請於2021年11月12日（星期五）或之前，將填妥的參加表格（附錄16c），以電郵（電郵地址：[cnhe.hk@gmail.com](mailto:cnhe.hk@gmail.com)）方式交回「國史教育中心（香港）」。

### 聯絡人

7. 如有查詢，請致電 3468 5982 與主辦機構「國史教育中心（香港）」聯絡，或瀏覽機構網站：[www.cnhe-hk.org](http://www.cnhe-hk.org)。

## **Pilot Arrangement on “Junior Secondary Science Online Self-learning Scheme”**

### **Aim / Objective**

This is to invite secondary schools to nominate Secondary 1-3 students to participate in the captioned scheme.

### **Details**

2. “Junior Secondary Science Online Self-learning Scheme” (the Scheme) is organised by the Education Bureau, and supported by the Hong Kong Virtual University under the Hong Kong University of Science and Technology and the School of Science and Technology of the Hong Kong Metropolitan University. The Scheme aims to cultivate students’ interest in science and to enhance students’ scientific literacy through online self-learning activities.

3. Details of the Scheme and application form are provided in Appendices 17a and 17b respectively.

4. An online briefing session of the Scheme will be held to introduce the online self-learning platform, the contents of the Scheme and the role of the teacher-in-charge. The details are as follows:

Date: 10 December 2021 (Friday)

Time: 3:30 – 5:00 pm

【 Online Meeting via Google Meet 】

Application: through EDB Training Calendar System (Course ID: CDI020211809)

5. Schools interested in nominating their students to participate in the Scheme are required to complete the nomination form (Appendix 17b) and return it by fax (Fax: 2194 0670) on or before **29 December 2021 (Wednesday)**.

### **Contact Person**

6. For enquiries, please contact Mr LO Kam-hung of the Science Education Section, Curriculum Development Institute, Education Bureau on 3698 3453.

## **Pilot Arrangement on “Junior Secondary Science Online Self-learning Scheme”**

### **1. Introduction**

“Junior Secondary Science Online Self-learning Scheme” contains online seminars and electronic quiz items with contents relevant to Science (S1-3) curriculum. Students are expected to participate in the online seminars and to complete the science electronic quiz items in the Scheme. Awards will be given to the participating students according to their quiz performance. The Scheme will be held **from 1 January 2022 to 31 March 2022**.

### **2. Aims**

- To cultivate students’ interest in science
- To enhance students’ scientific literacy
- To encourage students to take initiative to learn and pursue the latest science knowledge

### **3. Target participants and enrolment**

Secondary 1 to Secondary 3 students are encouraged to participate in the Scheme. Participants should apply via schools. Only one application form is needed for each school.

### **4. Contents of the Scheme**

The Scheme contains (i) a series of online seminars and (ii) an electronic quiz system. Details are as follow:

#### **(i) Online Seminars**

The School of Science and Technology of Hong Kong Metropolitan University produced six online seminars for the Scheme. The seminars were delivered by scholars and experts from the institute. The seminars contents were designed to link with different topics relevant to Science (S1-3) curriculum, including “Food Test”, “Motion Graph and Equations of Motion” and “Periodic Table”. Students may attend the seminars via the online self-learning platform of the Scheme.

#### **(ii) Electronic Quiz System**

The Hong Kong Virtual University has already developed an interactive electronic quiz system for the Scheme. Participating schools and students will receive an invitation email from the Hong Kong Virtual University. Students are required to register an account to try out the science quiz items in the Electronic Quiz System.

## 5. Criteria for the Awards

To complete the activities of the Scheme, students are expected to:

- attend the online seminars
- complete the electronic science quiz items

To encourage students to participate in the Scheme, the following awards will be given to the students according to their performance in the electronic science quiz:

<b>Awards</b>	<b>Average correct rate in the electronic science quiz</b>
<b>Gold</b>	85%
<b>Silver</b>	70%
<b>Bronze</b>	55%
<b>Certificate of Participation</b>	40%

An electronic certificate will be awarded accordingly.

## 6. Teacher's role

Teachers are granted rights to access the online seminars as well as to check their students' performance in the electronic science quiz. At the end of the scheme period, teachers are required to check the list of awardees. Teachers could attend the online briefing session scheduled on 10 December 2021 to understand more details about the content of the Scheme and the role of the teacher-in-charge.

## The “Chemists Online” Self-study Award Scheme 2022

### Aim / Objective

This is to invite secondary schools to participate in the captioned Award Scheme.

### Details

2. The “Chemists Online” Self-study Award Scheme (COSAS) 2022 is jointly organised by the Hong Kong Virtual University and the Education Bureau. The aim of the Award Scheme is to enhance scientific literacy of senior secondary students by offering them with more advanced chemistry online lectures.

3. Details of the Award Scheme are provided in Appendix 18a.

4. In order to help schools understand more about the Award Scheme, the Education Bureau and the Hong Kong Virtual University have set up an information website and an online briefing session to introduce the e-learning platform, the contents of the seminars and the role of the teacher-in-charge involved. For details, please refer to the following webpage <http://hkvu.hk/cosas-briefing>.

5. Secondary schools interested in nominating their students to participate in the captioned scheme are requested to complete the Application Form at Appendix 18b and return it by fax to this Bureau (Fax no.: 2194 0670). **The closing date for the application is 15 December 2021 (Wednesday).**

### Contact Person

6. For enquiries, please contact Ms Y P CHUANG of the Science Education Section, Education Bureau on 3698 3438.

## **The “Chemists Online” Self-study Award Scheme 2022**

### **1. Introduction**

The “Chemists Online” Self-study Award Scheme (COSAS) 2022 is jointly organised by the Hong Kong Virtual University (HKVU) and the Education Bureau. The aim of the Award Scheme is to enhance scientific literacy of senior secondary school students by offering them with more advanced chemistry online lectures. In the 2021/22 school year, 26 online seminars will be organised to cover a wide range of chemistry topics, including drinking water treatment, synthetic polymers, gastronomy, nanomaterials and food chemistry, etc. All the seminars were delivered by experts from local universities and chemistry related trades. The contents of the seminars were designed to link with the Chemistry related curricula and further extend the reach to the latest advances in chemistry.

### **2. Aims**

- To enhance students’ scientific literacy
- To encourage students to take initiative to learn and pursue more knowledge
- To cultivate students’ interest in chemistry
- To facilitate students to understand the interconnection among science, technology, society and the environment

### **3. Target participants and enrolment**

Students taking Senior Secondary Chemistry or Combined Science (Chemistry Part) are welcome to join COSAS. Applications should be made via schools. Each school is required to submit one application form only.

### **4. Contents of the seminars**

The seminars will be disseminated through an e-Learning Open Platform (URL: <http://hkvu.hk/cosas>) developed and hosted by the HKVU. The participating students will receive an invitation email from the HKVU, and students are required to register an account to access and attend the seminars online and to engage in the online exercises. The seminars will be released in 2 batches. The first and the second batches will be released on 15 December 2021 and 1 April 2022 respectively. The whole award scheme will be completed on 31 August 2022.

The topics for the 26 seminars in the scheme are listed below:

	<b>Topics</b>	<b>Curriculum links</b>
<b>Phase 1</b>		
1	Drinking Water Treatment	Planet Earth; Analytical Chemistry
2	Indoor Air Quality and Indoor Air Quality Certification Scheme	Analytical Chemistry
3	Air Quality Management Strategies for the Pearl River Delta Region	Analytical Chemistry
4	Water Uptake of Atmospheric Particles: From the Millikan Oil Droplet Experiment to a Blue Sky	Microscopic World II
5	Science and the Aftermath of Fukushima Nuclear Plant Accident	Microscopic World I
6	Electrochemistry	Redox Reactions, Chemical Cells and Electrolysis
7	The Importance of Water in Food Chemistry	Chemistry of Carbon Compounds
8	Gastronomy	Chemistry of Carbon Compounds
9	Colour Chemistry	Microscopic World I; Microscopic World II; Materials Chemistry
10	Photodynamic Therapy – A Promising Strategy of Cancer Treatment	Materials Chemistry
11	Synthetic Polymers in Modern Life	Fossil Fuels and Carbon Compounds; Chemistry of Carbon Compounds; Materials Chemistry
12	Metals in Biological Systems	Metals; Chemistry of Carbon Compounds
<b>Phase 2</b>		
13	Food Chemistry and Food Safety	Chemistry of Carbon Compounds
14	Nanomaterials for Environmental and Energy Applications	Materials Chemistry
15	Molecules for Liquid Crystals Displays	Fossil Fuels and Carbon Compounds; Chemistry of Carbon Compounds; Materials Chemistry
16	Conducting Polymers	Fossil Fuels and Carbon Compounds; Chemistry of Carbon Compounds; Materials Chemistry
17	Display and lighting technologies - LCD, LED and OLED	Materials Chemistry
18	Chemistry and Material Science in our Daily Lives	Materials Chemistry

	<b>Topics</b>	<b>Curriculum links</b>
19	From senior secondary level redox concept to the appreciation of the beauty of Chemistry	Redox Reactions, Chemical Cells and Electrolysis
20	Drug Discovery and Organic Chemistry	Chemistry of Carbon Compounds
21	Symmetry, Asymmetry and Our Chiral World – A Personal Recollection of the 2001 Nobel Prize in Chemistry	Chemistry of Carbon Compounds
22	A Journey to the Structural Determination of Organic Molecules: IR, MS and NMR Spectroscopy	Analytical Chemistry
23	Instrumental Analysis of Food and Drugs	Analytical Chemistry
24	Determination of Volatile Organic Compounds	Fossil Fuels and Carbon Compounds; Chemistry of Carbon Compounds
25	Chemistry in the Service of Mankind	Fossil Fuels and Carbon Compounds; Chemistry of Carbon Compounds
26	New Definitions of SI units	Analytical Chemistry

## 5. Criteria for the awards

To accomplish the assigned tasks for one seminar, students are expected to:

- study the pre-seminar materials which explain some of the chemistry knowledge and concepts involved in the seminar
- attend the online seminar
- complete the online assessment items

The following awards will be given to the participating students:

<b>Awards</b>	<b>Number of seminars completed within the designated period</b>
Bronze	3
Silver	6
Gold	9
Platinum	12
Diamond	18

Certificates in electronic version will be awarded accordingly.

## 6. Teacher's role

The teacher-in-charge will receive an invitation email from the HKVU. Teachers will be required to register an account and granted rights to access the seminars. Teachers will receive students' progress of work for review regularly. By the end of the scheme, the teachers will be required to check the attainments of their students and confirm the lists of students who have fulfilled the award requirements.

An online briefing session is available to introduce the e-learning platform, the contents of the seminars and the role of the teacher-in-charge for the reference of teachers interested in the scheme. For details, please refer to the following webpage <http://hkvu.hk/cosas-briefing>.

## Hong Kong Space Museum Educational Activities

### Aim/Objective

This is to invite primary and secondary schools to participate in educational activities of the Hong Kong Space Museum (“HKSpM”).

### Details

2. Educational activities organised by HKSpM aim to enhance students’ understanding of science and astronomy, including two categories as follows:

- i) Watching School Shows, Sky Shows and OMNIMAX Shows
- ii) Visiting Exhibition Halls

3. We encourage schools to participate in the aforesaid educational activities. For details, please refer to Appendix 19a. Interested schools may download relevant application forms for school activities at HKSpM website ([https://hk.space.museum/en\\_US/web/spm/downloadforms.html](https://hk.space.museum/en_US/web/spm/downloadforms.html)). Schools should submit the completed application forms by post, email or fax to HKSpM.

### Contact Person

4. For enquiries, please contact Ms. LAW, Hiring and Sales Sub-unit of the Hong Kong Space Museum on 2734 2720.

## **Details of Hong Kong Space Museum Educational Activities**

### **i) Watching School Shows, Sky Shows and OMNIMAX Shows**

HKSpM has offered three new school shows that are related to science and astronomy. The descriptions of three school shows are as below:

- “Tilt” (Suitable for Primary Level)  
The show illustrates the tilt of the Earth's axis of rotation and the Earth's orbit around the Sun to explain how the four seasons are formed. It brings out the scientific principles on how the seasons and the length of day vary across the globe.
- “Beyond the Sun” (Suitable for Primary Level)  
The show features how the exoplanets can be detected in the vast Universe. The up-to-date astronomical concepts and discoveries are introduced.
- “Birth of Planet Earth” (Suitable for Secondary Level)  
The show employs advanced data-driven visualisations to explore some of the greatest questions in science today: How did the Earth eventually become a planet teeming with life in the wake of our Solar System's violent birth? What does the Earth's history help us on finding other Earth-like worlds?

In addition, in 2021/22 school year, schools can reserve tickets for Sky Show(s) and OMNIMAX Show(s) that are on show at a concessionary rate.

### **ii) Visiting Exhibition Halls**

The two exhibition halls of HKSpM, namely the “Hall of the Cosmos” and the “Hall of Space Exploration”, feature around a hundred exhibits. With the aid of interesting interactive exhibits coupled with vivid lighting effects and environmental decorations, the exhibition introduces the knowledge of astronomy and space science and technology in an engaging way. Exhibition topics include the Solar System, everyday astronomical phenomena as well as the history of space exploration.

Interested schools may download relevant application forms for school activities at HKSpM website ([https://hk.space.museum/en\\_US/web/spm/downloadforms.html](https://hk.space.museum/en_US/web/spm/downloadforms.html)). Schools should submit the completed application forms by post, email or fax to HKSpM. For enquiries, please contact Ms. Law, Hiring Sub-unit of the Hong Kong Space Museum on 2734 2720.

## **“The Shaw Prize 2021” Exhibition (2021/22)**

### **Aim / Objective**

This is to inform secondary schools of the captioned exhibition.

### **Details**

2. The Shaw Prize is an international award to honour individuals who are currently active in their respective fields and who have recently achieved distinguished and significant advances, who have made outstanding contributions in academic and scientific research or applications, or who in other domains have achieved excellence. The award is dedicated to furthering societal progress, enhancing quality of life, and enriching spiritual civilisation of humanity.

3. The Shaw Prize consists of three annual awards: the Prize in Astronomy, the Prize in Life Science and Medicine, and the Prize in Mathematical Sciences. To enable the public to know more about the scientific achievements of the Shaw Laureates, “The Shaw Prize 2021” Exhibition will be held at the Hong Kong Science Museum. The exhibition is jointly presented by the Leisure and Cultural Services Department and the Shaw Prize Foundation, jointly organised by the Hong Kong Science Museum, the Hong Kong Space Museum, the Education Bureau and the Hong Kong Education City Limited. Details of the exhibition are as follows:

Programme	Date	Time	Venue	Remark
<b>“The Shaw Prize 2021” Exhibition</b>	Exhibition Period: 29 Oct 2021 – 5 Jan 2022	*Opening hours of the HK Science Museum	Main Lobby, Hong Kong Science Museum	In order to minimise the risk of contracting and spreading COVID-19, visitors are required to comply with the related precautionary measures of the exhibition venue.

\*Please refer to the <https://hk.science.museum/ms/shaw2021/index.html> for the latest updates.

### **Contact Person**

4. For enquiries, please contact the Development Unit of the Hong Kong Science Museum on 2732 3223 (Monday to Friday: 9:00 to 13:00, 14:00 to 17:00 except public holidays).
