CIRCULAR MEMORANDUM NO. 76/2022

From :	Permanent Secretary for Education	To :	Supervisors and heads of government and aided primary schools (including special schools) and primary schools under the Direct Subsidy Scheme
Ref. :	EDB(ESP)/FLS/25/5/2(2)		
Date :	27 May 2022		

**Provision of Free Lunch at Schools for Primary Students from Low-income Families
2022/23 School Year**

Summary

This circular memorandum invites the continued application of whole-day government and aided primary schools (including special schools) and primary schools under the Direct Subsidy Scheme (DSS) for funding under the programme of Free Lunch at Schools in the 2022/23 school year.

Background

2. The Community Care Fund has launched the programme since the 2011/12 school year on a pilot basis to provide free lunch at schools for students in receipt of full grant under the Student Financial Assistance (SFA) Schemes in whole-day government and aided primary schools (including special schools) and primary schools under the DSS. Starting from the 2014/15 school year, the provision of free lunch at schools has been incorporated into the Government's regular assistance programme. The implementation details remain essentially the same as in the previous years and are set out in the ensuing paragraphs.

Details

Eligible Students

3. The funding will be disbursed to participating schools by the Education Bureau (EDB) direct. Participating schools should pay lunch expenses on behalf of Primary 1 to Primary 6 students meeting all of the following requirements:

- (i) receiving full grant under the SFA Schemes in the 2022/23 school year;
- (ii) studying in a whole-day government/aided primary school (including any of the special schools) or a primary school under the DSS; and
- (iii) having lunch arranged by the schools they attend¹.

4. As stated in paragraph 3, students eligible for the programme should also be recipients

¹ Schools have various modes of arranging lunch for students, e.g. selecting lunch suppliers for students in accordance with the guidelines on tendering and procurement or hiring staff to provide lunch for students, etc. Should students meeting the criteria stated in paragraphs 3(i) and (ii) bring their self-packed lunch to school, participating schools will not be provided with the funding for these students.

of full grant under the SFA Schemes. Schools are therefore invited to remind parents to submit applications for the SFA Schemes at their earliest convenience so that they can submit to the schools the Notification of Result for Assessment of Eligibility 2022/23 or Eligibility Certificate 2022/23 issued by the Student Finance Office of the Working Family and Student Financial Assistance Agency in a timely manner, and the schools can make payment for lunch expenses on behalf of eligible students. Since it is a common practice to make pre-payment for lunch expenses, to minimise enquiries from parents, we encourage schools to liaise with their lunch suppliers on pre-payment arrangements and refund arrangements to shorten the time between students' receipt of the above documentary proof and the pre-payment for lunch expenses. For details, please refer to the "Frequently Asked Questions" on EDB webpage.

5. In response to the development of COVID-19, participating schools that need to make special arrangement during half-day schooling in the 2022/23 school year can refer to the circular letter dated 20 November 2020 and the "Frequently Asked Questions" on EDB webpage and act accordingly. For schools whose contract with the existing lunch supplier is about to expire, when selecting a prospective lunch supplier and preparing a new contract, they should take into account the above circumstance and review the contract terms to ensure the lunch supplier to be commissioned can continue to provide proper lunch service for eligible students on days with half-day schooling.

6. When considering lunch options, apart from requiring lunch suppliers to provide healthy, balanced and substantial meals, schools should request the offer of diversified food options to cater for students' individual needs (such as those out of health, religious or cultural reasons, etc.).

Disbursement and Accounting Arrangements

7. The funding will be disbursed to participating schools in two instalments. The first instalment in late August 2022 will be based on the estimated number of full grant recipients under the SFA Schemes of each school, and the daily lunch expenses and the number of days with school lunch arrangements as reported by the school in the Application Form. When disbursing the second instalment for non-government primary schools in late December (in April 2023 for government primary schools to tie in with the prevailing accounting arrangements), we will adjust the amount of provision according to the latest number of full grant recipients under the SFA Schemes in each school. Under special circumstances (such as the admission of additional eligible students in the middle of the school year), schools may initiate an application to EDB for further funding adjustment.

8. Participating schools should verify the balance of the funding received at the end of the school year. Surplus should not be carried forward to the next school year and must be returned to EDB, while deficit will be made up by EDB. Detailed arrangements will be announced under separate cover in June 2023. For audit purpose, schools are required to keep relevant receipts, which should indicate the amount of expenditure, the number of beneficiary students, the lunch expenses and the number of days with school lunch arrangements.

9. The funding provided for Free Lunch at Schools serves a specific purpose and participating schools should prepare a separate ledger for it. Aided primary schools and primary schools under the DSS should observe the requirements as stipulated in relevant circular memorandums and their annexes calling for submission of audited annual accounts to EDB for scrutiny. For government primary schools, the funding will be disbursed in the form of budget allocation. The expenditure should be charged to a specified account and should not exceed the allocation in the respective financial years.

Related Issues

10. To help schools cope with the additional administrative and clerical work arising from the implementation of various initiatives, in particular work relating to poverty alleviation (including the programme of Free Lunch at Schools), EDB has provided an additional recurrent cash grant equivalent to the salary of a Clerical Assistant for public sector primary schools since the 2014/15 school year. For details, please refer to [EDB Circular No. 10/2014](#).
