

Interflow Schemes

2. To facilitate cross-fertilisation of experience and expertise and to enhance overall professionalism of the education sector, EDB has been operating three major voluntary staff interflow schemes. The objectives and target officers of these interflow schemes are as follows —

(a) **Annual Teacher Secondment Exercise**

This scheme provides an excellent opportunity for cross-exchange of expertise and experience, and enhances partnership between EDB and schools in the aided sector and schools under the Direct Subsidy Scheme. Starting from the 2010/11 school year, the Collaborative Research and Development (“Seed”) Projects (which is on a full/part-time basis) and the IT in Education Centre of Excellence Scheme (which is on a part-time basis) have been subsumed under the Annual Teacher Secondment Exercise.

Details of the secondment positions under the 2023 Annual Teacher Secondment Exercise are at **Appendix A**.

(b) **Scheme of Voluntary Postings to Schools for Non-teaching Departmental Grade Officers at Basic Rank**

This scheme is designed to enable basic rank officers in non-teaching grades (i.e. Assistant Inspector (Graduate), Assistant Inspector (Non-graduate), Assistant Education Officer (Administration) and Education Assistant) to take up teaching posts in government and aided schools. It aims to benefit the officers concerned and the education service as a whole by focusing on enhancing cross-fertilisation of professional expertise in the school setting.

(c) **Cross-grade Posting Scheme**

Through cross-grade postings within EDB, this scheme provides the opportunity for departmental grade officers (both teaching and non-teaching) to widen their vision, experience and knowledge; develop their potential and professionalism; and improve their adaptability to changing environments.

3. Participants and supervisors generally found the interflow schemes very effective in broadening an officer’s vision, experience and knowledge; developing one’s potential and professionalism; and improving one’s adaptability to the changing work environments. Supervisors are requested to render support to their staff in taking part in the interflow schemes.

How to Apply

4. Except for officers who are employed on probation/trial/non-civil service contract terms in EDB and teachers who are employed on temporary contract terms, eligible officers or schools may apply to join the respective interflow schemes by completing the following forms —

- (a) Annual Teacher Secondment Exercise —
 - (i) Secondment positions at Appendices A(1) to A(34) — Application Form at **Appendix B with Annexes 1 & 3**
 - (ii) “Seed” Projects at Appendix A(35) — Application Form at **Appendix B with Annexes 2 & 3 and Appendix C**
 - (iii) IT in Education Centre of Excellence Scheme at Appendix A(36) — Application Form at **Appendix B with Annex 3 and Appendix D**

Applicants can apply for not more than one scheme/project listed in (i) to (iii) above.

- (b) Scheme of Voluntary Postings to Schools for Non-teaching Departmental Grade Officers at Basic Rank — Application Form at **Appendix B with Annex 3**
- (c) Cross-grade Posting Scheme — Application Form at **Appendix B only (without annex)**

Eligible applicants may indicate in the application form more than one interflow scheme they wish to be considered. The Government Schools Section will be consulted on applications from government school applicants.

Validity Period of Application

5. Applications for secondment positions under the Annual Teacher Secondment Exercise are valid for the current exercise only. Applications for the other interflow schemes are valid for two years counting from the date of application. An application will lapse automatically if a posting cannot be arranged within the two-year validity period. If after submitting an application, the applicant decides to withdraw it, he/she should notify the Human Resource Management Unit of EDB (Address: 4/F, East Wing, Central Government Offices, 2 Tim Mei Avenue, Tamar, Hong Kong) in writing as soon as possible.

Closing Date of Applications

6. The deadline for application under the Annual Teacher Secondment Exercise is **24 March 2023** while applications under the other two interflow schemes may be made any time during the course of the year. However, school heads or teachers who wish to be considered for cross-grade posting to EDB and non-teaching departmental grade staff who

wish to take up teaching posts commencing August/September 2023 have to submit their applications to EDB **on or before 24 March 2023**. Normally, late applications will not be considered. Applicants should submit all completed application forms on or before the deadline for application through one of the means below –

- (a) by post to the Human Resource Management Unit of the Education Bureau on 4/F, East Wing, Central Government Offices, 2 Tim Mei Avenue, Tamar, Hong Kong (the postmark date on the envelope will be regarded as the date of submission of application). Applicants should ensure that sufficient postage is paid to avoid unsuccessful delivery of application. Any underpaid mail items will be disposed of by the Hongkong Post; or
- (b) by hand to the Education Bureau's drop-in box (Box no.: EDB03 – Staff Interflow Schemes 2023) located at the 2/F Entrance, East Wing, Central Government Offices, 2 Tim Mei Avenue, Tamar, Hong Kong. The drop-in box is normally open for use from 8:00 a.m. to 7:00 p.m. from Mondays to Fridays (except public holidays).

7. Applications for voluntary postings to school and applications for cross-grade postings submitted after 24 March 2021 shall remain valid. Applicants concerned need not submit fresh application unless they wish to revise their original preferences.

Duration and Timing of Interflow

8. Normally, the duration of interflow should not exceed one year. If adjustment to the end date becomes necessary later on, this should be made known to the participant as early as possible, preferably at least one month before the original end date of the interflow.

9. On completion of the interflow, participants from the aided sector or from schools under the Direct Subsidy Scheme will return to a post in his/her employing organisation. Participants who are government officers will either resume his/her posting prior to the interflow or be transferred to another post in his/her own rank/grade.

10. The timing of interflow involving teaching staff or teaching posts normally synchronises with the school year. To avoid disruption to students and school operations, officers accepting a teaching post must be prepared to commit themselves to serving the full period of interflow. Request for early reversion by the participant during the school year will not normally be considered.

11. Officers who are undergoing any type of interflow and who wish to stay in their present position for a further period have to submit a fresh application. Renewal or extension of an interflow arrangement will be subject to genuine operational needs and dealt with separately on a case by case basis.

Placement and Selection of Applicants

12. To maximise the benefits of cross-fertilisation of experience and expertise to the participating officers and divisions/schools, preference will be given to officers who –

- (a) have stayed in his/her current post for at least two years before the date of commencement of interflow;
- (b) on completion of interflow, will have more than three years to serve before reaching the age of normal retirement; and
- (c) have not joined any interflow schemes for the past five years.

13. Applicants for the Annual Teacher Secondment Exercise will be shortlisted for selection interviews to be conducted by the host divisions. They may assume that their applications are unsuccessful if they do not hear from us by **5 May 2023**. For the other interflow schemes, initial matching will be worked out centrally by EDB based on the applications received and positions available. Before a posting is confirmed, an interview between the applicant and the prospective host division/school may be arranged where necessary.

14. Successful participants should be prepared to attend induction/familiarisation programmes which may be organised by the host offices before the interflow commences.

Relief Arrangement

15. Under the Annual Teacher Secondment Exercise and Scheme of Voluntary Postings to Schools for Non-teaching Departmental Grade Officers at Basic Rank, the parent school/division of a successful applicant will be provided with funds to employ a substitute teacher at basic rank or non-civil service contract staff. For part-time secondment cases, the funding to be provided will be on a pro-rata basis.

16. As promulgated in Education Bureau Circular No. 13/2022, starting from the 2023/24 school year, all newly appointed teachers in public sector schools and schools under Direct Subsidy Scheme are required to pass the Basic Law and National Security Law test (BLNST) in order to be considered for appointment. The above requirement is applicable to the substitute teachers to be employed by the parent schools as relief under the Staff Interflow Schemes 2023.

17. Under no circumstances should acting appointment be made to cover the absence of an officer released for interflow under the schemes listed in this Circular Memorandum.

Terms and Conditions of Interflow

18. The terms and conditions of secondment/posting under the interflow schemes for (a) staff of the aided sector and schools under the Direct Subsidy Scheme and

(b) officers of EDB are set out at **Appendices E(1)** and **E(2)** respectively.

Enquiries

19. For ease of reference, a summary of the arrangements for the three interflow schemes is at **Appendix F**.

20. Enquiries concerning the interflow schemes may be directed to Executive Officer (Human Resource Management) at 3509 8497 (e-mail:exohrm@edb.gov.hk). For further information about the secondment positions under the Annual Teacher Secondment Exercise, please contact the subject officers in the respective sections/project teams listed at **Appendix A**.

Education Bureau
Annual Teacher Secondment Exercise (2023/24 School Year)

School Development Division
Life Planning Education Section

Work of the Section

The Life Planning Education (LPE) Section is tasked to support secondary schools in providing life planning education and career guidance services to their students. To enhance the support to schools for the delivery of life planning education in a more comprehensive and systematic approach, LPE Section undertakes to provide school-based support by conducting consultancy visits; organise training courses, thematic seminars and workshops, to promote successful experiences; promote life planning education and career guidance to parents and students; and organise career exploration activities for students through the implementation of “Business-School Partnership Programme” (BSPP).

Main duties of secondees

- (a) To visit schools and provide school-based professional support on life planning education and career guidance;
- (b) To prepare school visit reports and assist in compiling evaluation reports on school-based professional support;
- (c) To assist in organising teacher network and professional sharing among teachers;
- (d) To assist in organising seminars, sharing sessions and career exploration activities under BSPP to disseminate effective practices of life planning education and career guidance services;
- (e) To assist in supporting and monitoring BSPP career exploration activities for students, teachers and parents;
- (f) To assist in conducting debriefing session and provide valuable feedback to student participants of “Holiday Work Experience Programme” under BSPP;
- (g) To assist in liaising with existing and potential BSPP partners and promoting BSPP to different stakeholders;
- (h) To assist in building an on-line life planning repository to support teachers; and
- (i) To assist in other duties under the purview of the Section as required.

Normal working locations

The normal working place is EP05, Podium, East Block, Education Bureau Kowloon Tong Education Services Centre, 19 Suffolk Road, Kowloon Tong, Kowloon. Secondees will also be required to work in other locations, such as schools or education services centres, to be determined by the supervisor in the light of operational needs.

Entry Requirements

Applicants should be serving GMs/SGMs of secondary schools (including special schools) in the aided sector or under the Direct Subsidy Scheme. They should have no less than five years (as at 31 August 2023) of full-time teaching experience and three years of experience in life planning education and career guidance work in secondary schools. Priority will be given to applicants with professional training in life planning education and career guidance such as the Certificate Course on Career Guidance and Life Planning for Secondary School Teachers.

Education Bureau
Annual Teacher Secondment Exercise (2023/24 School Year)

Curriculum Support Division
Language Learning Support Section

Work of the Section

To strengthen language support for different stages of education, the Language Learning Support Section was tasked by the Standing Committee on Language Education and Research (SCOLAR) to set up a Task Force, comprising experienced language teachers and language experts, to support schools to implement the curriculum reform, particularly in language learning and teaching. The Section is responsible for planning, implementing and evaluating the support services for schools, as well as disseminating good practices and experiences in school-based language curriculum development.

Main duties of secondees

- (a) To help Chinese/English panel heads and teachers of primary and/or secondary schools implement the curriculum initiatives through the provision of on-site support services;
- (b) To organise professional development activities of varying scales for primary and/or secondary school heads, Chinese/English panel heads and teachers;
- (c) To identify and disseminate good practices in Chinese/English Language learning and teaching and effective resources for use in primary and/or secondary schools;
- (d) To undertake research and development projects related to Chinese/English Language learning and teaching in primary and/or secondary schools;
- (e) To liaise with school heads/relevant parties of the schools to review their progress in school-based language curriculum development; and
- (f) To conduct professional exchange activities for English teachers from the Mainland and Hong Kong*.

*This is applicable to English teachers who are interested in joining the Scheme on Hong Kong Teachers' Exchange Activities to the Mainland. The Scheme aims to establish a professional exchange platform for English teachers in Hong Kong and in the Mainland to facilitate their professional development. There are exchange activities with the teachers to be held in Hong Kong and Guangdong, and participating teachers will conduct visits to the Mainland schools and engage in professional sharing activities with the Mainland teachers.

Normal working locations

The normal working places are the office of the Language Learning Support Section in Education Bureau Kowloon Tong Education Services Centre and the schools to which the secondees will be deployed. Secondees may also be required to work in other locations to be determined by the supervisor in the light of service needs.

Education Bureau
Annual Teacher Secondment Exercise (2023/24 School Year)

Curriculum Support Division
Language Learning Support Section

Entry Requirements

Applicants should be serving panel heads, assistant panel heads or level coordinators of primary or secondary schools (including special schools) in the aided sector or under the Direct Subsidy Scheme. They should have a university degree or equivalent in Chinese/English Language and/or Chinese/English Language Education, a postgraduate diploma/certificate in education or equivalent and no less than six years (as at 31 August 2023) of full-time teaching experience in the English/Chinese subject at primary and/or secondary level(s). A higher degree or equivalent in Chinese/English language and/or Chinese/English Language Education is preferable.

Remarks

Working locations, nature of work and time allocation

- (a) The secondees are required to meet regularly with team members at the office of the Section to co-plan and organise professional development activities for schools; review their work and evaluate the progress of schools in school-based language curriculum development; co-develop learning and teaching resources; and participate in in-house capacity building activities.
- (b) The secondees will be deployed to work in other schools to provide support to teachers in school-based language curriculum development. They are expected to conduct collaborative lesson planning with teachers, participate in learning activities whereby they can understand how learning and teaching can be improved, take part in lesson observation, conduct school-based teacher development workshops, hold discussions with relevant parties of the schools, etc.
- (c) Secondees taking part in the Scheme on Hong Kong Teachers' Exchange Activities to the Mainland are required to conduct visits to schools in Guangdong and engage in different exchange activities, including collaborative lesson planning, lesson reviews and sharing sessions, etc.
- (d) The application is only for full-time secondment.

Education Bureau
Annual Teacher Secondment Exercise (2023/24 School Year)

Curriculum Support Division
School-based Curriculum Development (Secondary) Section

Work of the Section

The School-based Curriculum Development (Secondary) Section aims at providing diversified modes of professional support services to schools through engaging them in meaningful collaborations as one of the means to enhance teachers' professional capacity for developing school curriculum, and to enrich their repertoire of effective pedagogical practices catered to the learning needs of students in order to help them develop their potential to the full. It also helps foster a collaborative and reflective culture among teachers, among and within schools for collegial support and sustainable development.

For the 2023/24 school year, support services will be provided in three Key Learning Areas (KLAs) viz., Mathematics Education, Science Education, and Personal, Social and Humanities Education (PSHE); in Citizenship and Social Development (CS) and in curriculum initiatives pertaining to two focuses, namely Science, Technology, Engineering, the Arts and Mathematics (STEAM) education, and values education. Particular attention will be paid to the implementation of STEAM education, CS and values education, with strengthening students' sense of national identity and national pride.

Main duties of secondees

- (a) To provide on-site support to secondary schools to develop or refine school curriculum, to implement curriculum initiatives, to explore and develop effective pedagogical practices;
- (b) To organise professional development activities to facilitate the implementation of curriculum initiatives;
- (c) To contribute to knowledge management and support the learning communities;
- (d) To identify and disseminate good practices of schools;
- (e) To foster a sharing and collaborative culture among teachers, among and within schools; and
- (f) To liaise with school teachers /relevant parties in relation to the implementation of school curriculum initiatives.

Normal working locations

The normal working place is the office of School-based Curriculum Development (Secondary) Section at Landmark North in Sheung Shui. Secondees may also be required to work in other locations, such as schools or education services centres, to be determined by the supervisor according to service needs.

Education Bureau
Annual Teacher Secondment Exercise (2023/24 School Year)

Curriculum Support Division
School-based Curriculum Development (Secondary) Section

Entry Requirements

Applicants should be serving teachers of secondary schools (including special schools) in the aided sector or under the Direct Subsidy Scheme. They should have a university degree or equivalent, a postgraduate diploma/certificate in education or equivalent, and no less than five years (as at 31 August 2023) of full-time teaching experience in the KLAs of Mathematics Education, Science Education or PSHE, in Liberal Studies, or in STEAM-related KLAs/ subjects. Experience of being the Prefect of Studies/Head of Curriculum Development in schools would be preferable.

Remarks

- (a) The application can be for full-time or half-time secondment.
- (b) Preference will be given to applicants who have curriculum development experiences in the relevant KLA/subject or assumed a leading role in school curriculum development or in promoting STEAM education or values education.
- (c) Applicants should indicate clearly in the application form his/her respective rank and service periods of all teaching posts taken.

Education Bureau
Annual Teacher Secondment Exercise (2023/24 School Year)

Curriculum Support Division
Technology Education Section
STEM Education Centre

Work of the Section

The Technology Education (TE) Section of the Curriculum Support Division aims at giving support to schools in the implementation of curriculum policies and innovations related to TE Key Learning Area (KLA) including the promotion of STEAM education.

To further support schools, the STEM Education Centre (the Centre) was set up at the Arts and Technology Education Centre (ATEC) in Lok Fu on 26 October 2017. The TE Section works closely with the Centre which the major services provided are:

- Maker Space equipped with more advanced equipment
- Professional Development Programmes for teachers
- Student learning activities such as competitions
- Advice to schools on the implementation of STEAM education

Main duties of secondees

- (a) To organise STEAM-related learning activities for students including competitions;
- (b) To provide technical advice for students' project work and teachers on using the equipment in the Maker Space of the Centre;
- (c) To organise STEAM-related professional development programmes, as well as support services for teachers;
- (d) To render professional support for schools on the implementation of STEAM education; and
- (e) To assist in the arrangement of related promotion activities or events.

Normal working locations

The normal working place is STEM Education Centre in the Arts and Technology Education Centre at 145 Junction Road, Lok Fu, Kowloon. Secondees may also be required to work in other locations, such as schools or education services centres, to be determined by the supervisor in the light of service needs.

Entry Requirements

Applicants should be serving teachers of secondary schools in the aided sector or schools under the Direct Subsidy Scheme. They should have a university degree in Technology/STEAM-related disciplines and a postgraduate diploma/certificate in education, or equivalent; and no less than four years (as at 31 August 2023) of full-time teaching experience in STEAM-related subjects at the secondary level. Priority will be given to candidates who have full-time teaching experience in Design and Technology related subjects at the secondary level.

Remarks

- (a) The application can be for full-time or half-time secondment.
- (b) Priority will be given to candidates who are familiar with the use of relevant equipment in Design and Technology Workshop and with rich experience in implementation of STEAM education in schools.

Artificial Intelligence

Work of the Section

The Technology Education (TE) Section of the Curriculum Support Division aims at giving support to schools in the implementation of curriculum policies and innovations related to TE Key Learning Area (KLA) including Artificial Intelligence (AI) in Secondary schools.

Main duties of secondees

Seconded teachers may be deployed to assist in or undertake the following curriculum development and support duties in relation to promoting AI at secondary level:

- (a) To assist in planning and organizing professional development programmes (PDP) related to AI, and to apply AI in learning and teaching;
- (b) To develop, compile and try out learning and teaching resources related to AI, such as teaching exemplars, learning and assessment materials, etc. in support of the implementation of AI;
- (c) To collect and disseminate good practices and provide professional support to schools;
- (d) To foster networking with school heads, curriculum leaders, teachers and the learning community;
- (e) To provide professional services related to AI, such as participating in committees and task groups, conducting consultation, etc.; and
- (f) To assist in coordinating the liaison with external parties to organize teacher training events and facilitate sharing of learning and teaching resources to promote AI.

Normal working locations

The normal working place is the Technology Education Section at Kowloon Tong Education Services Centre. Secondees may also be required to work in other locations, such as schools, to be determined by the supervisor in the light of service needs.

Entry Requirements

Candidates should be serving teachers of secondary schools in the aided sector or schools under the Direct Subsidy Scheme. They should have no less than four years (as at 31 August 2023) of full-time teaching experience in ICT or relevant subjects with implementation of AI in school. Preference may be given to candidates who possess good experience in teaching AI.

Education Bureau
Annual Teacher Secondment Exercise (2023/24 School Year)

Curriculum Support Division
Technology Education Section
Primary General Studies

Work of the Section

The Technology Education (TE) Section of the Curriculum Support Division aims at giving support to schools in the implementation of curriculum policies and innovations related to TE Key Learning Area (KLA) including Computational Thinking – Coding Education (CT-CE).

Main duties of secondees

Seconded teachers may be deployed to assist in or undertake the following curriculum development and support duties in relation to promoting CT-CE at the upper primary level:

- (a) To assist in planning and organising professional development programmes (PDP) related to CT-CE, and to apply CE in learning and teaching of General Studies;
- (b) To develop, compile and try out learning and teaching resources related to CT-CE, such as teaching exemplars, learning and assessment materials, etc. in support of the implementation of coding education;
- (c) To collect and disseminate good practices and provide professional support to schools;
- (d) To foster networking with school heads, curriculum leaders, teachers and the learning community;
- (e) To provide professional services related to CT-CE, such as participating in committees and task groups, conducting consultation, etc.; and
- (f) To assist in coordinating the liaison with external parties to organise teacher training events and facilitate sharing of learning and teaching resources to promote CT-CE.

Normal working locations

The normal working place is the Technology Education Section at the EDB Kowloon Tong Education Services Centre. Secondee may also be required to work in other locations, such as schools, to be determined by the supervisor in the light of service needs.

Entry Requirements

Candidates should be serving teachers of primary schools in the aided sector or schools under the Direct Subsidy Scheme. They should have no less than four years (as at 31 August 2023) of full-time teaching experience in General Studies or Computer/IT lesson with implementation of CT-CE in school. Preference may be given to candidates who possess good experience in teaching coding education or applying coding education in General Studies.

Remarks

The secondment is on a half-time basis. Successful candidate will be recruited as a half-time seconded teacher.

Education Bureau
Annual Teacher Secondment Exercise (2023/24 School Year)

Curriculum Support Division
Native-speaking English Teacher Section

Work of the Section

The Native-speaking English Teacher (NET) Section is responsible for facilitating the implementation of the NET Scheme in Hong Kong. It provides professional support for all public-sector schools to maximise the benefits of the Scheme on English language learning and teaching through the Advisory Teaching Team to cater for the needs of primary schools and the Regional NET Coordinating Team to cater for the needs of secondary schools.

Main duties of secondees

- (a) To assist in the development of learning and teaching (L&T) resources in support of promoting drama, puppetry and other forms of language arts in English Language Education;
- (b) To organise and conduct professional development programmes for English teachers;
- (c) To assist in the planning, organisation and evaluation of student competitions and competition-related workshops for teachers supporting the pedagogical use of related L&T resources
- (d) To identify and disseminate good practices in English Language learning and effective use of L&T resources in schools; and
- (e) To conduct professional exchange activities for English teachers from the Mainland and Hong Kong*.

* This is only applicable to English teachers who are interested in joining the Scheme on Hong Kong Teachers' Exchange Activities to the Mainland. The Scheme aims to establish a professional exchange platform for English teachers in Hong Kong and in the Mainland to facilitate their professional development. There are exchange activities with the teachers to be held in Hong Kong and Guangdong, and participating teachers will conduct visits to the Mainland schools and engage in professional sharing activities with the Mainland teachers.

Normal working locations

The normal working place is Native-speaking English Teacher Section, Room 1120 11/F, Tsuen Wan Multi-storey Carpark Building, 174-208 Castle Peak Road, Tsuen Wan, New Territories. Secondees may also be required to work in other locations, such as schools, education services centres, to be determined by the supervisor in the light of service needs.

Entry Requirements

Applicants should be serving English teachers of primary or secondary schools (including special schools) in the aided sector or under the Direct Subsidy Scheme. They should have (a) a bachelor's degree in English Language or equivalent; (b) a post-graduate diploma/certificate in education or equivalent; and (c) no less than three years (as of 31 August 2023) of full-time teaching experience in the English Language subject. Applicants experienced in leading or assisting in school-based curriculum development projects are preferred.

Education Bureau
Annual Teacher Secondment Exercise (2023/24 School Year)

Curriculum Support Division
Native-speaking English Teacher Section

Remarks

- (a) Successful applicants will serve as full-time secondees.
- (b) Secondees taking part in the Scheme on Hong Kong Teachers' Exchange Activities to the Mainland are required to conduct visits to schools in Guangdong and engage in different exchange activities, including collaborative lesson planning, lesson reviews and sharing sessions, etc.

Information Technology Management Division
Systems & Information Management Section

Work of the Section

The Systems and Information Management Section is responsible for the support, development and administration of the information management systems, one of which is the Web-based School Administration and Management System (WebSAMS). The secondees will be deployed to promote the use of WebSAMS among all public sector schools, support and train schools' staff on using WebSAMS, and to coordinate the WebSAMS enhancement projects.

Main duties of secondees

- (a) To assist in promotion activities of WebSAMS, in particular providing advice from the perspective of schools;
- (b) To support schools in the use of WebSAMS;
- (c) To assist in the collection and evaluation of schools' feedback on WebSAMS;
- (d) To assist in the enhancement of various WebSAMS modules by providing comments on its functionalities and user-friendliness, conducting user acceptance tests of enhanced items and preparing for its rollout to schools;
- (e) To assist in the upcoming projects on WebSAMS by providing suggestions and comments from the point of view of a frontline user in school; and
- (f) To serve as WebSAMS trainers and assist in the planning, organizing and revision of training activities and materials.

Normal working locations

The normal working place is at E-Trade Plaza, 24, Lee Chung Street, Chai Wan (a five-minute walk from Exit C of Chai Wan MTR Station). Occasionally, secondees may also be required to work in other locations, such as schools or education services centres, to be determined by the supervisor in the light of service needs.

Entry Requirements

Applicants should be serving teachers of primary or secondary schools (including special schools) in the aided sector or schools under the Direct Subsidy Scheme. They should have adequate knowledge of the functioning of WebSAMS and preferably no less than two years (as at 31 August 2023) of experience as a WebSAMS administrator or equivalent.

**Education Bureau
Annual Teacher Secondment Exercise (2023/24 School Year)**

**Collaborative Research and Development (“Seed”) Projects
for the 2023/24 School Year**

Schools are invited to participate in the collaborative research and development (“Seed”) projects proposed by the Education Bureau in the 2023/24 school year.

Objectives

The CDI has implemented a series of “Seed” projects in schools since September 2001. These projects are geared towards enhancing the learning capabilities of students, providing valuable experiences and suggestions as well as leveraging the synergy to facilitate curriculum development and implementation. Curriculum planning and strategies for learning, teaching and assessment of different Key Learning Areas (KLAs) are covered in the “Seed” Projects in the 2023/24 school year, with focuses including the major renewed emphases of the school curriculum, project learning, whole-person development, self-directed learning, catering for learner diversity, gifted education, interdisciplinary learning, curriculum interface and life planning.

“Seed” Projects

“Seed” Projects are collaborative research and development projects. The development focuses are as follows:

- (a) Curriculum planning, learning and teaching strategies in KLAs;
- (b) Development of generic skills in an integrative approach through learning activities;
- (c) Assessment literacy (assessment of/for/as learning to improve learning and teaching);
- (d) Major renewed emphases of the school curriculum (e.g. strengthening values education (including moral and civic education, national security education and Basic Law education), reinforcing the learning of Chinese history and Chinese culture, extending “Reading to Learn” to “Language across the Curriculum”, promoting STEAM education and IT in Education, fostering an entrepreneurial spirit, diversifying life-wide learning experiences, stepping up gifted education; and
- (e) Other areas (e.g. whole-person development, self-directed learning, catering for learner diversity, interdisciplinary learning, curriculum interfaces, life planning).

Each “Seed” Project comprises two major components, namely development and collaborative research. For the development component, the Education Bureau and schools join hands to plan the curriculum and develop necessary resources and strategies so that the teaching practices can be more aligned with the focuses of curriculum development. For the collaborative research component, it is mainly about collecting data of the processes of the ongoing renewal of the school curriculum as well as the evidence on the impacts on student learning in order to provide reference for refining the curriculum.

**Education Bureau
Annual Teacher Secondment Exercise (2023/24 School Year)**

**Collaborative Research and Development (“Seed”) Projects
for the 2023/24 School Year**

Schools, based on their school contexts and needs, can work closely together with the CDI and expert consultants through participating in “Seed” Projects. The CDI will disseminate the invaluable experiences gained and outcomes to the public via effective channels (e.g. seminars, workshops and professional development programmes). Such experiences will also be developed into exemplars, learning and teaching materials, reports, etc. for other teachers’ reference. In the process of participating in the projects, schools find their effectiveness and teachers’ professional capacities being enhanced. School heads and teachers become not only curriculum leaders and instructors, but also life-long learners. Furthermore, cross-fertilisation of ideas among frontline educators, curriculum developers and other experts in the education field also facilitates the building up of a professional community which sustainably enhances curriculum development to strive for excellence.

During the implementation of “Seed” Projects, individual teachers may be seconded to the CDI and supply teachers will be provided for the schools concerned so that the seconded teachers can be relieved to assist in developing innovative learning and teaching strategies. Before submitting their proposals for “Seed” Projects, schools are strongly encouraged to take into consideration holistically and comprehensively their strengths and capacity, as well as their school development plans to refine the school curriculum (if applicable). A list of the proposed “Seed” Projects for the 2023/24 school year together with the relevant information is included in **Annex 1 of this Appendix**. Schools are invited to participate in projects suitable for them.

Interested school heads and their teachers are requested to complete and send the application form (**Appendix C**) (**and Appendix B with Annexes 2 and 3, if appropriate**) **in duplicate** by post to the Human Resource Management Unit of EDB on 4/F, East Wing, Central Government Offices, 2 Tim Mei Avenue, Tamar, Hong Kong or by hand to the Education Bureau’s drop-in box (Box no.: EDB03 – Staff Interflow Schemes 2023) located at the 2/F Entrance, East Wing, Central Government Offices, 2 Tim Mei Avenue, Tamar, Hong Kong **on or before 24 March 2023**. The drop-in box is normally open for use from 8:00 a.m. to 7:00 p.m. from Mondays to Fridays (except public holidays). Results of the “Seed” Projects’ applications will be announced in **June 2023**.

Education Bureau
Annual Teacher Secondment Exercise (2023/24 School Year)

Collaborative Research and Development (“Seed”) Projects
for the 2023/24 School Year

Main duties of secondees

Seconded teachers may be deployed to assist in or undertake the following duties in trying out “Seed” Projects relevant to the subjects/KLAs that they have been teaching –

- (a) To plan the curriculum and develop necessary resources so as to help schools adopt appropriate learning and teaching strategies with reference to the focuses of curriculum development;
- (b) To collect evidence on the processes of changes and impacts on student learning in order to provide information to enhance the effectiveness of implementation;
- (c) To work together with CDI officers and expert consultants to cater for the needs of schools and disseminate relevant research findings to the public; and
- (d) To facilitate the building up of a professional community striving for excellence through continuous curriculum development.

Normal working locations

The normal working places are the offices of the CDI or Curriculum Support Division Sections. Secondees may also be required to work in other locations (e.g. schools or education services centres). The actual arrangement will be determined by their supervisors according to the service needs.

Entry requirements

Applicants should be serving teachers of primary or secondary schools (including special schools) in the aided sector or under the Direct Subsidy Scheme. They should have a relevant degree and teachers’ qualification with no less than certain years (as at 31 August 2023) of full-time teaching experience in a relevant subject/KLA at primary or secondary level. For detailed requirements for individual projects, please refer to Annex 1 of this Appendix.

Remarks

Applicants for secondment positions under “Seed” Projects would not be considered for positions under other schemes.

Enquiries

For further information on the duties of secondment in various sections/project teams of CDI, please contact the respective responsible officers, whose names and telephone numbers are provided in Annex 1 of this Appendix.

For general enquiries about the terms and conditions stated on Appendices E(1) and (2), please contact Ms Olive CHAN, Senior Clerical Officer (Appointments and Personnel/Curriculum Development) at 2892 5846.

For other enquiries, please contact Ms Ulrica CHOI of the Council and Secondary Section 2, Curriculum Development Institute at 2892 6460.

Education Bureau
Annual Teacher Secondment Exercise (2023/24 School Year)

Education Infrastructure Division
Information Technology (IT) in Education Section
Centre of Excellence Scheme

Work of the Section

The IT in Education Section is responsible for supporting schools and providing professional advice to teachers to enhance their know-how in using IT in education and build up their IT capacity.

The IT in Education Section invites schools to participate in the “**IT in Education Centre of Excellence (CoE) Scheme**” to provide district-based and subject-based on-site support services to schools. “CoE Schools” are tasked to build learning communities for scaling up good practices and to continue to consolidate new experiences and enhance teachers’ repertoire and experiences on IT teaching, aiming at equipping students with the necessary knowledge to face various challenges in the digital era.

Each CoE school comprises two half-time secondees from the same school. In this connection, schools participating in the Scheme have to **provide two serving teachers at the same time**.

Main duties of secondees

The secondees are required to perform the following duties:

- (a) To develop innovative pedagogy and e-resources in collaboration with members of the focus groups assigned to promote the use of IT in learning and teaching;
- (b) To make use of their own school as a hub for school networking and a test bed of innovative pedagogy and mobilise teachers in his/her own school to collaborate and test the innovative pedagogy proposed in class;
- (c) To line up schools to form district-based/territory-wide professional learning communities / communities of practice, and to share the good IT in Education experiences in regular basis;
- (d) To conduct school visits and offer support services to other schools on pedagogical, technological as well as managerial issues related to the implementation of IT in Education, including effective use of e-learning in the blended mode of learning and teaching;
- (e) To plan and organise professional development programmes to share and disseminate the good IT in Education experiences learnt through experiments in his/her own school;
- (f) To facilitate teachers to make use of e-assessment to enhance assessment for learning and self-directed learning;
- (g) To promote information literacy and provide support in parent education in the context of e-learning and e-safety; and
- (h) To keep the IT in Education Section informed of the latest practices and issues related to IT in Education in schools from a frontline practitioner’s perspective and help conveying messages of the Government’s policy and action on various issues relevant to IT in Education to stakeholders including school heads, students and parents.

Normal working locations

The normal working place is the seconded’s own school. Secondees may also be required to work at the office of IT in Education Section at EDB Kowloon Tong Education Services Centre and other locations, such as other schools requesting support services, to be determined by the supervisor in the light of service needs.

Education Bureau
Annual Teacher Secondment Exercise (2023/24 School Year)

Education Infrastructure Division
Information Technology (IT) in Education Section
Centre of Excellence Scheme

Entry Requirements

Nominated applicants should be serving teachers or heads (up to Headmaster II/Principal II level) of primary or secondary schools (including special schools) in the aided sector as well as schools under the Direct Subsidy Scheme. They should have no less than three years (as at 31 August 2023) of full-time teaching experience in using IT for learning and teaching at primary or secondary level. We will consider applications from nominees who have joined any interflow schemes in the past in view of the nature of the CoE Scheme.

Remarks

- (a) The secondment is on a **half-time** basis.
- (b) The CoE Scheme is school-based in nature. Thus, applications have to be submitted by school principals instead of individual teacher applicants.
- (c) In addition to the application form to be completed by the applicants, schools should submit a **proposal of no more than ten pages** containing the following information for the reference and consideration of the Bureau:
 - background of the school;
 - three major strengths in e-learning which are in line with the EDB's policy on IT in Education;
 - whole-school planning on e-learning implementation, including curriculum planning, capacity building and use of IT tools (e.g. e-textbooks, e-learning resources, e-assessment platforms) in different KLAs and promotion of STEAM education;
 - a school plan in promoting information literacy, and parent education in the context of e-learning and e-safety (including internet safety, healthy and ethical use of electronic devices, cyberbullying prevention and information evaluation), if any;
 - a brief description of achievements in promoting IT in Education in the past three years (with track records), and a concrete e-learning work plan on providing professional support to schools, building their own school's professional capacity and community of practice in the school sector; and
 - information on additional manpower support (including an overview of such teachers' relevant experiences, expertise and major subjects taught) who are considered appropriate to serve as backup to the nominated teachers, if any.
- (d) The nominated teachers should indicate clearly in the application their major and minor subjects of teaching in the past three school years, as the teaching experience and subjects taught will be highly related to the professional support duties assigned to them.
- (e) As regular meetings are usually conducted in the afternoons on Wednesday, it is strongly advised that schools participating in the Scheme should arrange to have their nominated teachers to be free of teaching or any other school administrative duties in the afternoon every Wednesday.

Education Bureau
Annual Teacher Secondment Exercise (2023/24 School Year)

Education Infrastructure Division
Information Technology (IT) in Education Section
Centre of Excellence Scheme

- (f) As the seconded teachers serve on half-secondment basis, it is assumed that about half of their teaching workload will be released. The seconded teachers will be required to conduct workshops and seminars, visit other schools to provide support services, and carry out other relevant activities for the IT in Education Section, the school heads should arrange their workload and timetables (e.g. free of teaching workload in a few AM/PM sessions apart from the above meetings on Wednesdays) in such a way that they can serve their roles of providing services to the IT in Education Section under part-time secondment.
- (g) Change of teacher(s) is not allowed under any circumstance. Withdrawal of one/both of the nominated teachers from the secondment position would be considered as the school's withdrawal from the Scheme.

* Please delete where inapplicable.

Please provide the following details for each project separately.

Part III: Proposal Details

Please discuss the project that you are applying for with the relevant Section of CDI or CSD, and submit a proposal with the following details on A4 sheet(s):

- *Title of “Seed” Project with project code*
- *School particulars (e.g., reasons for conducting the project, commitment of teachers, willingness to share findings with other schools, previous experiences in school-based curriculum projects)*
- *Proposal details (e.g., objectives, how the project fits in with the curriculum needs of your school, availability of resources, action plan with schedule, expected deliverables and evaluation methods)*

Part IV: Secondment of Teachers (Please complete this part for “Seed” Projects provided with Seconded Teachers.)

Please tick in the appropriate box below:

- My school does not wish to nominate any teacher for secondment to the CDI to participate in its “Seed” Project(s).
- My school wishes to nominate the following teacher(s) for secondment to the CDI to participate in its “Seed” Project(s) (please also submit the completed **Appendix B and its Annexes 2 and 3** for each teacher nominated) :

No.	Name of Teacher	Project code (secondment applied for)
1.	*Mr/Ms	
2.	*Mr/Ms	

* Please delete where inapplicable.

Education Bureau
Staff Interflow Schemes 2023

School Application Form
(To be completed by School Heads)

Please read Education Bureau (EDB) Circular Memorandum (CM) No. 1/2023 before filling in this form. The completed application form should be sent by post to the Human Resource Management Unit of EDB on 4/F, East Wing, Central Government Offices, 2 Tim Mei Avenue, Tamar, Hong Kong or by hand to the Education Bureau's drop-in box (Box no.: EDB03 – Staff Interflow Schemes 2023) located at the 2/F Entrance, East Wing, Central Government Offices, 2 Tim Mei Avenue, Tamar, Hong Kong. Please specify "Application for Interflow" on the envelope. Application for interflow arrangement to commence in August/September 2023 should reach HRM Unit of EDB or EDB's drop-in-box on or before 24 March 2023

Participation in IT in Education Centre of Excellence Scheme

My school wishes to participate in the IT in Education Centre of Excellence Scheme in the 2023/24 school year. The following are the particulars of my school:

Part I: School Information

School Name: _____
 School Address: _____
 Telephone No.: _____ Fax No.: _____
 Contact Person: *Mr/Ms _____
 Telephone No.: _____ Fax No.: _____
 E-Mail Address _____

Part II: Proposal Details

Please submit a proposal with the following details on no more than ten pages of A4 paper:

- background of the school;
- three major strengths in e-learning which are in line with the EDB's policy on IT in Education;
- whole-school planning on e-learning implementation, including curriculum planning, capacity building and use of IT tools (e.g. e-textbook, e-learning resources, e-assessment platforms) in different KLAs and promotion of STEAM education;
- a school plan in promoting information literacy, and parent education in the context of e-learning and e-safety (including internet safety, healthy and ethical use of electronic devices, cyberbullying prevention and information evaluation), if any;
- a brief description of achievements in promoting IT in Education in the past three years (with track records), and a concrete e-learning work plan on providing professional support to schools, building your own school's professional capacity and community of practice in the school sector; and
- information on additional manpower support (including an overview of such teachers' relevant experiences, expertise and major subjects taught) who are considered appropriate to serve as backup to the nominated teachers, if any.

Part III: Details of Teachers Nominated for Secondment to EDB

My school wishes to nominate the following two teachers to be the part-time seconded teachers to the IT in Education Section in the 2023/24 school year (Schools applying for the Scheme are required to nominate two serving teachers at the same time.):

No.	Name of Teacher ^{Note}	Rank	HKID(First 4 digits)
1.	*Mr/Ms		
2.	*Mr/Ms		

Note : Each part-time seconded teacher should also submit a completed Appendix B with Annex 3 to show their experiences and qualifications.

**Education Bureau
Staff Interflow Schemes 2023**

**Terms and Conditions
for Secondees from Schools in the Aided Sector and
under the Direct Subsidy Scheme (DSS)**

1. Period of Secondment

- 1.1 Unless otherwise specified, secondment to the Education Bureau (EDB) is for the period from 1 September 2023 to 31 August 2024. The Permanent Secretary for Education may vary the period of secondment in consultation with the employer of the secondee.

2. General

- 2.1 Applicants are selected for secondment to EDB on their substantive ranks.
- 2.2 During the period of secondment, the secondee will remain as an employee of his original employing organisation. His terms of appointment and conditions of service will be the same as those applicable to his original employment and will not be changed by the secondment unless expressly provided for in this memorandum.
- 2.3 A secondee from schools in the aided sector or DSS schools will return to his employing organisation after the secondment.
- 2.4 A secondee is subject to the provisions of the Prevention of Bribery Ordinance (Cap. 201) and the Official Secrets Ordinance (Cap. 521).
- 2.5 The secondee is required to observe any Ordinances, Regulations and bureau instructions which may apply to staff of EDB.

3. Working Hours

- 3.1 The normal office opening hours in a non-school setting are from 8:30 a.m. to 6:00 p.m. on weekdays. A secondee is normally required to work for 44 hours gross per week.
- 3.2 The working hours may vary according to the operational needs of EDB.

4. Remuneration

- 4.1 The employing organisation will continue to be responsible for the secondee's remuneration, professional development, and other applicable and entitled benefits as set out in the terms of employment. Where applicable, he will continue to proceed along his present salary scale and contribute to the provident fund or other superannuation schemes as appropriate.

5. Employee's Compensation

- 5.1 During the period of secondment, the employing organisation will remain liable to pay compensation in accordance with the Employees' Compensation Ordinance (Cap. 282) for death or injuries suffered by the secondee by accident arising out of and in the course of performing his duties.

6. Vacation Leave and Holiday Arrangements

- 6.1 The secondee will not be entitled to school holidays during the period of secondment.
- 6.2 During the period of secondment, a secondee from schools in the aided sector or DSS schools will be entitled to vacation leave comparable to the entitlement of his civil service counterpart with the same duration of continuous service in the profession.
- 6.3 The secondee must exhaust all the vacation leave earned during the secondment period (i.e. before returning to his employing organisation). All unspent leave earned during the secondment period will lapse upon completion of the interflow.

7. Duties

- 7.1 The secondee will be assigned to take up duties as stated in the job descriptions to be provided by EDB.
- 7.2 The nature of work undertaken by the secondee is deemed to be equivalent to that of his original duties in his employing organisation for the purpose of determining claims for provident fund, and other employment-related matters, such as seniority, promotion, increment, etc.

8. Performance Appraisal

- 8.1 EDB will conduct performance appraisal by means of a standard appraisal form for secondees whose period of secondment is three months or longer. The appraisal report will only be disclosed to officers of EDB and the secondee's employing organisation who are required to perform human resource management functions. EDB may also, upon request of the employing organisation, complete an appraisal of the secondee using the organisation's report form.

9. Conduct

- 9.1 The secondee should observe all Government rules and regulations on conduct and related matters as applicable to civil servants.

10. Disciplinary Sanctions

- 10.1 The secondee will be liable to disciplinary sanction (which includes written or verbal warning, etc.) if he neglects or wilfully refuses to perform his duties or in any manner misconducts himself or is convicted of a criminal offence.
- 10.2 Upon evidence that the secondee has neglected or wilfully refused to perform his duties or has misconducted himself in any manner or has been convicted of a criminal offence, he will be subject to such disciplinary sanction as is deemed appropriate. EDB may also disclose to the secondee's employing organisation established misconducts or criminal convictions in respect of the secondee during or after the secondment period.

11. Changes in Terms and Conditions of Service

- 11.1 EDB may in consultation with the employing organisation alter any of the terms and conditions of secondment as set out in this document at any time as considered necessary having regard to operational requirements.

**Education Bureau
Staff Interflow Schemes 2023**

**Terms and Conditions
for Civil Service Employees of Education Bureau**

1. Period of Secondment

- 1.1 Unless otherwise specified, the interflow arranged by the Education Bureau (EDB) is for the period from 1 September 2023 to 31 August 2024.

2. General

- 2.1 The employment status of a participating officer and his terms and conditions of service as a civil servant will remain unchanged during the period of interflow outside his/her own rank.
- 2.2 The officer will remain in the establishment of his substantive rank/respective grade.
- 2.3 The officer will be matched to a posting of an appropriate level commensurate with his own rank. No acting appointment will be arranged for the participant unless with the recommendation made by a promotion/selection board for the officer to be tried out in a higher rank.
- 2.4 During the period of interflow, the officer is required to observe any Ordinances, Regulations and bureau instructions issued by EDB. He remains liable to disciplinary punishment if he neglects or wilfully refuses to perform his duties or in any manner misconducts himself.
- 2.5 On completion of the interflow, the officer will either resume his posting prior to the interflow or be transferred to another post in his own rank/grade.

3. Working Hours

- 3.1 The normal office opening hours in a non-school setting are from 8:30 a.m. to 6:00 p.m. on weekdays. The working hours in a school setting will be determined by the school operations.
- 3.2 The working hours may vary according to the operational needs of the host office.

4. Remuneration

- 4.1 The salary and salary scale of an officer, as well as other applicable and entitled benefits as set out in his terms of employment, will not be affected by the posting outside his own rank.

5. Employee's Compensation

5.1 During the period of interflow, the Government as employer will remain liable for any compensation in accordance with the Employees' Compensation Ordinance (Cap. 282) for death or injuries suffered by the officer by accident arising out of and in the course of performing his duties.

6. Vacation Leave and Holiday Arrangements

6.1 An officer on interflow to a non-school setting will not be allowed to enjoy school holidays. He will earn vacation leave during the period of interflow at a rate commensurate with the relevant appointment terms under the prevailing Civil Service Regulations and according to his length of service.

6.2 A civil service teacher undergoing interflow in a non-school setting is required to exhaust all the vacation leave earned before the end of the interflow period. All unspent leave earned during the secondment period will lapse upon completion of the interflow.

7. Performance Appraisal

7.1 For an officer undergoing interflow, the line of reporting according to the secondment position will apply. The standard appraisal form of the officer's own rank will be adopted; where necessary, additional assessment items may be entered on the form to reflect the duties performed by the officer. The normal appraisal cycle applicable to officer's own rank will be followed.

7.2 To ensure fairness and consistency in the assessment standard, appraisal reports of officers on interflow outside the normal scope of work of his own rank/grade will be reviewed by the Moderation Panel.

**Education Bureau
Staff Interflow Schemes 2023**

Interflow Scheme Features	Annual Teacher Secondment Exercise	Scheme of Voluntary Postings to Schools	Cross-grade Posting Scheme
Eligible officers	Serving heads and teachers of secondary/primary/special schools in the aided sector and schools under the Direct Subsidy Scheme.
