From: Permanent Secretary for Education
Ref.: EDB(KGA)/KE/3/1
Date: 6 March 2023

To: Supervisors of all Kindergartens,
Kindergarten-cum-Child Care Centres
and Schools with Kindergarten Classes
Joining the Kindergarten Education
Scheme - for necessary action

**Revision of School Fees and Meal Charges for Kindergartens/
Kindergarten-cum-Child Care Centres and Schools with Kindergarten Classes
Joining the Kindergarten Education Scheme
in the 2023/24 School Year**

Summary

This circular memorandum sets out the procedures on application for revision of school fees and meal charges for kindergartens, kindergarten-cum-child care centres (CCC) and schools with KG classes (collectively referred to as “KGs” hereafter) joining the Kindergarten Education Scheme (Scheme) in the 2023/24 school year, and reminds KGs to note the further expanded simplified procedures for fee revision application implemented by the Education Bureau (EDB) this school year. For KGs not joining the Scheme, please refer to EDB Circular Memorandum No. 6/2023 if they wish to apply for fee revision for the 2023/24 school year.

School Fees

2. Starting from the application for fee revision of the 2021/22 school year, KGs joining the Scheme may adopt simplified procedures or general procedures. To further reduce schools' administrative work and speed up the vetting process, the coverage of simplified procedures is expanded and the number of schedules to be completed by KGs adopting general procedures is also reduced starting from the 2022/23 school year so that all KGs joining the Scheme could benefit from the streamlined measures. For the fee revision of the 2023/24 school year, the simplified procedures have been expanded further so that KGs joining the Scheme with fee increase not more than a certain school fee threshold could also benefit from the expanded simplified procedures. Details are at paragraphs 3 to 6 below.

Simplified Procedures

3. KGs can apply for fee revision for the 2023/24 school year under simplified procedures if they **will not increase school fees**¹ (i.e. to freeze or reduce school fees) for all classes (including local classes, non-local classes and CCC classes) or will increase school fees **not exceeding the following specified levels**. Details are as follows:

- (i) If KGs **freeze** school fees of all classes, they are only required to complete **Declaration of School Supervisor (Schedule 1A)**. If these KGs also apply for staying in the Child Care Centre Subsidy Scheme, they should also provide the “Estimated no. of children

1 For local KG classes, the school fees refer to the fees after deduction of the government subsidy; for CCC classes, the school fees refer to the fees before deduction of the government subsidy.

for 2023/24” of CCC classes by filling in **Column (f) in Table 1 of Schedule of Simplified Procedures (Schedule 1B)**;

(ii) If KGs increase school fees and fulfil the following criteria, they are only required to complete **Declaration of School Supervisor (Schedule 1A)** and **Schedule of Simplified Procedures (Schedule 1B)**:

(a) **Half-day (HD) KG classes: increase not more than 1.9%;**

(b) **Whole-day (WD) KG classes:**

- **Proposed annual school fees at \$11,280 or below: increase not more than \$1,500**

- **Proposed annual school fees above \$11,280: increase not more than 1.9%; and**

(c) **CCC and non-local KG classes: increase not more than 1.9%**

(iii) If KGs **reduce** school fees of all classes, they are only required to complete **Declaration of School Supervisor (Schedule 1A)** and **Schedule of Simplified Procedures (Schedule 1B)**.

4. KGs fulfilling the above criteria for adopting simplified procedures should submit duly completed schedule(s) to their respective Senior School Development Officers or Senior Services Officers **on or before 28 April 2023**. In addition, KGs adopting simplified procedures should also submit duly completed **Summary of Estimated Expenditure (Appendix 4)** to their respective Senior School Development Officers or Senior Services Officers **on or before 28 April 2023** for EDB’s information of the budget condition of the school and follow-up when necessary.

General Procedures

5. If local KG classes/ CCC classes will be changed from free of charge to fee-charging, or their proposed school fee increase levels could not fulfil the criteria of simplified procedures, they are required to adopt general procedures. If KGs (i) did not join the Scheme in the 2022/23 school year; or (ii) have withdrawn from the Scheme but still having some students eligible for receiving government subsidy under the Scheme in the 2023/24 school year, they are also required to adopt general procedures. When necessary, KGs need to submit supplementary documents upon EDB’s request. Details of schedules under general procedures are at **Appendix 1**.

6. KGs adopting general procedures should also submit duly completed **Declaration of School Supervisor (Schedule 1A)** and **schedules for general procedures** to their respective Senior School Development Officers or Senior Services Officers **on or before 28 April 2023**.

Meal Charges for WD Classes

7. KGs operating WD classes are also required to submit **Schedule of Meal Charges for Whole-day Classes (Schedule 5)**. KGs should note that they could only collect meal charges from students who are provided with meals by the schools.

Points to Note

8. KGs please download the electronic schedules of simplified procedures or general procedures through the Common Log-On System at <http://kgac.edb.gov.hk> (please refer to **Appendix 5**), submit the whole set of duly completed schedules through the system, and then submit the signed printed version of electronic schedules to their respective Senior School Development Officers or Senior Services Officers.
9. KGs joining the Scheme in the 2021/22 school year are reminded to submit their annual audited accounts² for 2021-2022 to the Finance Division of EDB within six months after the end date of the accounts as stipulated in EDB Circular Memorandum No. 106/2022. They need not prepare/submit to EDB another set of annual audited accounts for the purpose of fee revision. EDB would check the relevant information in the schedules against their annual audited accounts submitted if necessary.
10. If KGs fail to meet the deadline for submission and/or provide all the necessary information to EDB for processing their applications, EDB may not be able to inform the KGs concerned of the approved fees before the commencement of the new school year and may freeze their school fees.
11. EDB reserves the right to adjust the school fees of KGs to an appropriate level in the subsequent school years if KGs' actual recognised expenditure during the 2023/24 school year turns out to be less than the estimated expenditure on which approval of school fees has been given.
12. School supervisors applying for fee revision for their KGs in the 2023/24 school year should note the following:
 - (a) KGs should be prudent in using the resources from government subsidy and school fees (if any) and ensure that each expenditure incurred is reasonable and necessary.
 - (b) Only recognised expenditure will be considered in vetting KGs' budget of the 2023/24 school year. Details of expenditure items on general operation chargeable to government funds are at **Appendix 2**. KGs should also read "References and Notes" in **Appendix 3** when planning the estimated expenditure and filling in relevant schedules.
 - (c) In principle, government subsidy should be sufficient for KGs to provide free quality HD services. As for WD / long whole-day (LWD) services, with additional subsidy from the Government, school fees should be at a low level. To ensure that parents can benefit under the kindergarten education policy, EDB will rigorously vet the applications for collection of school fees from individual KGs. Only recognised expenditure (for example, recognised expenses on rent that cannot be fully covered by government subsidy) will be considered and unreasonable expenditure will not be recognised. KGs are required to provide sufficient justifications and supporting data for their fee revision applications, and accept the school fees adjusted by EDB based on their expenditure and the government subsidies which could be utilised.

² For schools operating KG classes as well as other section(s) (e.g. primary and secondary), separate annual audited accounts for KG section should be prepared. If separate annual audited accounts for KG section are not available, schools should prepare a set of management accounts on the KG section with endorsement of the school supervisor. The consolidated totals of the said management accounts together with accounts of other section(s) should tally with the school's annual audited accounts.

- (d) In view of children's physical and mental development, EDB considers that students should not concurrently enrol to classes of both AM and PM sessions. KGs should carefully consider parents' justifications before admitting children without a valid Registration Certificate, and should not admit children applying for attending both AM and PM sessions. If KGs admit ineligible students (e.g. those who have received subsidy under the Scheme for three years), the students concerned are required to pay the school fees before deduction of government subsidy. The KGs concerned are required to apply to EDB separately for collecting the amount of school fees before deduction of government subsidy.
- (e) **Before submitting the application, KGs shall inform parents of the amount of the proposed school fees as early as possible, explain to parents the reasons for collection of school fees and take appropriate follow-up actions in light of their views and concerns.**
- (f) If KGs' expenditure involve related party³, they should report the relevant information in the annual audited accounts of corresponding years.

Subsidy and Fee Thresholds under the Scheme

13. As with previous practice, the salary-related subsidies for teaching staff (and the salary ranges) in the 2023/24 school year will be adjusted based on the civil service pay adjustment in 2023 and will be announced once they are confirmed. To facilitate schools' preparation of budget for the fee revision application for the 2023/24 school year, the following provisional figures are provided for reference: the **provisional** basic HD unit subsidy, WD unit subsidy and LWD unit subsidy to be provided to KGs joining the Scheme are \$37,610, \$48,890 and \$60,180 per student per annum (pspa) respectively. EDB will refer to the above **provisional** amounts when processing fee revision applications. Besides, the fee ceilings for HD and WD/LWD classes in the 2023/24 school year are \$11,280 and \$29,330 per annum respectively after deduction of government subsidy.

Refined Arrangement for the Surplus of Unit Subsidy

14. Currently, if KGs are able to offer free quality HD services and maintain fees for WD/ LWD services at a reasonable level, they are allowed to accumulate a respective surplus up to 12 months of current year provision of the teaching staff salary portion⁴ (i.e. 60%) and the other operating cost portion⁵ (i.e. 40%).

15. To allow KGs to deploy resources more flexibly, one combined ceiling has been adopted for calculating the ceiling for the accumulated surplus of the unit subsidy (i.e. combining the reserve ceiling for the 60% portion and the 40% portion of unit subsidy) from the 2021/22 accounting year onwards. In other words, the ceiling for the accumulated surplus is calculated based on the whole unit subsidy. Specifically, if the accumulated surplus does not exceed its 12 months of the current year provision, even if the surplus of one of the portions (e.g. the 40% portion) has exceeded the ceiling for this portion, the relevant surplus would not be clawed back. In other words,

³ Please refer to Annex 5 of EDB Circular Memorandum No. 106/2022 for definition of a related party.

⁴ The subsidy relating to teaching staff salary and related expenses (such as mandatory provident fund, provident fund, long service payment, etc.).

⁵ The other portion (i.e. not about teaching staff salary and related expenses) of unit subsidy (including HD unit subsidy and additional subsidy for WD and LWD services).

- (i) On condition that the 40% portion exceeds its reserve ceiling but both the 60% portion and the total accumulated surplus of unit subsidy have not yet reached their reserve ceilings: the surplus of the 40% portion will not be clawed back. Under the prevailing principle, such surplus can be deployed for teaching staff salaries;
- (ii) On condition that the 60% portion exceeds its reserve ceiling but both the 40% portion and the total accumulated surplus of unit subsidy have not yet reached their reserve ceilings: the surplus of the 60% portion will not be clawed back but must be used on teaching staff salaries;
- (iii) If the surplus of both portions have exceeded their reserve ceilings, the surplus of unit subsidy will thus exceed the ceiling and such surplus will be clawed back.

16. Under the above refined arrangement, the surplus of unit subsidy is still calculated separately according to different sessions (HD, WD and LWD). To safeguard teachers' salary, the 60% of unit subsidy is prescribed for the expenses on teaching staff salaries. The surplus of 40% portion can be used on teachers' salaries, but not vice versa. This basic principle remains unchanged. Relevant arrangement has been stipulated in the Kindergarten Administration Guide.

Special Arrangement for Uplifting the Reserve Ceiling of Unit Subsidy from the 2021/22 to 2025/26 Accounting Years

17. To further support sustainable development of Scheme-KGs and their delivery of quality KG education, a special arrangement for the reserve ceiling of unit subsidy will be made in the 2021/22 to 2025/26 accounting years. Scheme-KGs are allowed to keep their accumulated surplus of the whole unit subsidy for each corresponding accounting year up to 18 months of their current year provision, even if the accumulated surplus has reached the ceiling of 12 months of the current year provision. In other words, for those Scheme-KGs having accumulated surplus over 12 months of current year provision in the 2021/22 to 2025/26 accounting years, the surplus for such accounting year will only be clawed back if the total accumulated surplus of unit subsidy has exceeded 18 months of the current year provision. Scheme-KGs **do not** need to make individual applications for this uplifting arrangement.

18. To ensure that Scheme-KGs use the resources effectively after having the reserve ceiling of unit subsidy uplifted to 18 months of the current year provision, relevant Scheme-KGs with uplifted reserve ceiling will be individually notified and they are required to submit a separate surplus usage report, in conjunction with submission of their annual audited accounts **for the next accounting year** (e.g. submit the surplus usage report for the 2021/22 accounting year with the 2022/23 audited account). Relevant template of the surplus usage report could be downloaded from the EDB homepage (EDB homepage (www.edb.gov.hk) > Education System and Policy > Kindergarten Education > Kindergarten Education Scheme > 5. Documents Templates (For reference only)). Even if the accumulated surplus of the KG concerned has reached the ceiling of 12 months of the current year provision, failure in submission of the surplus usage report as per the requirement may lead to ineligibility of the Scheme-KGs concerned for uplifting the reserve ceiling to 18 months of the current year provision in the subsequent accounting year(s). Besides, Scheme-KGs are reminded to establish effective financial management processes in order to deploy their resources in a cost-effective and timely manner, and to ensure that expenditures incurred are reasonable and necessary for educational purposes. KGs are not expected to keep too much surplus without specific purposes. The above

special arrangement will be included in the Kindergarten Administration Guide which will be updated later.

Briefing Session

19. Details of the briefing session will be announced in due course.

The above salary-related subsidies for teaching staff will be finally adjusted based on the weighted average of the pay rise decided for the civil service in 2023 (i.e. to disburse underpayments or to deduct for overpayments) and the exact amounts will be announced once confirmed. To facilitate schools' preparation of budget for the fee revision application in the 2023/24 school year, the above **provisional** figures are calculated based on the change in the Composite Consumer Price Index on the salary ranges in the 2022/23 school year and are provided for reference. EDB will refer to these **provisional** figures when processing the relevant fee revision applications.

EDB will refer to these **provisional** figures when processing the relevant fee revision applications.

- (3) Long service payment (LSP)/ severance payment (SP):
According to the Employment Ordinance (Cap. 57), the qualifying period of employment for being eligible for long service payment is no less than 5 years of service under a continuous contract. Information on long service payment/ severance payment can be found from “A Concise Guide to the Employment Ordinance Chapter 11: Severance Payment and Long Service Payment” at:
<http://www.labour.gov.hk/eng/public/wcp/ConciseGuide/11.pdf>
(Labour Department, The Government of Hong Kong Special Administrative Region)
- (4) Duties and services of school supervisors:
Only if the school supervisor is assigned to perform **specific duties** (not those general duties as a school supervisor) in the KG/KG-cum-CCC, his/her remuneration could be considered as an expenditure item in calculation of school fees. If so, regardless of adopting simplified procedures or general procedures, descriptions of the specific duties should be provided (KGs adopting simplified procedures should submit such descriptions with **Appendix 4** on or before 28 April 2023). It is the responsibility of the school to prove to EDB that there are genuine needs with sufficient grounds for the supervisor to perform those specific duties in addition to the general duties of a supervisor to justify the payment of remuneration to him/her as an expenditure item. School supervisors should not receive any remuneration for any of their duties that should be normally be performed by a school supervisor, school manager or principal. Apart from this, proper procurement procedures should be followed when procuring services through such means in general. For school supervisors serving in more than one KG/KG-cum-CCC and are/would be assigned with specific duties beyond the duties of a school supervisor, school manager or principal, the remuneration should be paid by the KGs/KG-cum-CCCs concerned respectively. The following information should also be provided for EDB’s consideration:
- (a) the number of schools that the school supervisor is assigned with the specific duties;
 - (b) the amount of remuneration received by the school supervisor from each of his/her KGs/KG-cum-CCCs for the specific duties;
 - (c) the proportion of the specific duties of the school supervisor allotted to each of his/her KGs/KG-cum-CCCs; and
 - (d) the estimated working hours for the school supervisor to perform the specific duties in each of his/her KGs/KG-cum-CCCs per week/month.
- (5) Procurement of administration support services for schools:
For schools procuring any forms of administration support services from their sponsoring bodies or other organisations, they should separately provide information on the nature, justifications, manpower involved and breakdowns of the cost for EDB’s consideration. Administration support services for schools procured from sponsoring bodies or other related parties should be reported as transaction with related party in the school’s annual audited accounts.
- (6) Personal information collection statement:
- a. The personal data collected in the schedules will be used by EDB for processing the fee revision for the 2023/24 school year, as well as audit, statistics and research purposes.
 - b. The personal data may be disclosed to other Government departments/agencies (e.g. Audit Commission) authorised to process personal data for verification of information in connection with the above-mentioned purposes.
 - c. Data subject has a right of access and correction with respect to the personal data as provided for in Sections 18 and 22 and Principle 6 of Schedule 1 of the Personal Data (Privacy) Ordinance, including the right to obtain a copy of the personal data provided in the schedules. This is however subject to payment of a fee.
 - d. Enquiries concerning the personal data collected by means of the above schedules including requests for access and correction should be addressed to the relevant Regional Education Office (REO)/Joint Office for Kindergartens and Child Care Centres (JOKC) in writing.
- (7) Others:
Unless otherwise stated, all references to years (e.g. “2023/24”, “3 years”, etc.) in the schedules refer to school years and all references to currency in the schedules are Hong Kong dollars.

[Note: If KGs apply for staying in the Child Care Centre Subsidy Scheme, please also provide the “estimated no. of children for 2023/24” of CCC classes by filling out **Column (f) in Table 1 of Schedule of Simplified Procedures (Schedule 1B)**.]
- ☐ My school fulfils the following criteria for adopting **simplified procedures** and will submit **Schedule 1A and 1B**. In the 2023/24 school year, my school will:
 - ☐ (i) increase school fees

 - ☐ school fee increase not more than 1.9%
 - (b) Whole-day KG classes:
 - ☐ proposed annual school fees at \$11,280 or below, with increase not more than \$1,500
 - ☐ proposed annual school fees above \$11,280, with increase not more than 1.9%
 - (c) CCC and non-local classes:
 - ☐ school fee increase not more than 1.9%

- ☐ My school proposes to freeze/ reduce/ increase meal charges of WD classes (details at **Schedule 5**).

I confirm that ONLY the expenses of the items as per Appendix 2 have been included in the school fees (if applicable) and declare as follows:

Section (i): School fees of the KG portion (*please '✓' all the boxes to confirm*)

- ☐ My school has joined the Kindergarten Education Scheme (Scheme) in the 2023/24 school year.
- ☐ I understand that if my school has been in operation in or before the 2021/22 school year, I should submit a copy of annual audited accounts for the 2021/22 year to the Education Bureau (EDB) for inspection as required. Should my school fail to do so, this fee revision application will not be processed further and EDB will take it as a fee freezing case.
- ☐ Before submitting the application, my school has explained to parents the amount of the proposed school fees and the reasons for collection of school fees, and taken appropriate follow-up actions in light of their views and concerns.
- ☐ I understand that my school should not charge school fees for HD places where various government subsidies available are sufficient to cover all operating expenses recognised by EDB. My school should submit sufficient grounds and supporting data for the fee revision application where necessary, and accept any adjustment to an appropriate level made by EDB to the approved school fees in the subsequent school years in consideration of the expenditure and the amount of government subsidies utilised under the Scheme.

Section (ii): Teaching staff related manpower and salaries (*please '✓' all the boxes to confirm*)

- ☐ My school will employ sufficient teachers possessing C(ECE) or above qualifications based on the teacher-to-pupil ratio, 1:11 (excluding the principal) for local KG classes.

Section (iii): Others (*please '✓' the appropriate box(es) to confirm*)

- ☐ My school will operate HD class(es) in the 2023/24 school year. No school fee will be charged for a HD place after deduction of government subsidy.
- ☐ I wish to apply for staying in the “Child Care Centre Subsidy Scheme” (CCCSS) for eligible children attending CCC classes, “Subsidy for Manpower Enhancement and Subsidy for Further Manpower Enhancement” (collectively referred to as “SME”), “Subsidy for Operation Enhancement” (SOE) and “Subsidy for Assistant Supervisor” (SAS). Besides, my school will fulfill the teacher-to-pupil ratio in the CCC classes and remunerate qualified teaching staff within the “Recommended Normative Salary Scale for Child Care Staff” under the CCCSS.

Notes and Remarks for Schedule 4

Notes:

1. Schools should fill in the total expenditure amount for the whole school (including local KG classes, non-local KG classes and/or CCC classes). EDB will apportion the expenditure (among them, the total teacher salary and related expenses (including the principal and teaching staff) will be apportioned to the stream of KG local curriculum, CCC and/or stream of KG non-local curriculum based on the ratio for overall total teacher salary and related expenses reported in Schedule 1D) based on the estimated number of children/students reported in Schedule 1C and the ratio of local KG HD to WD/LWD expenditure per student reported in Schedule 1D in order to calculate school fees for respective classes.
2. Subsidy rates for the 2023/24 school year:

	Subsidy	Unit	Unit Subsidy (\$)
(a)	Basic HD unit subsidy	per student per annum	37,610
(b)	WD unit subsidy	per student per annum	48,890
(c)	LWD unit subsidy	per student per annum	60,180
(d)	Grant for support to NCS students	per KG per annum	The subsidy will be calculated on the basis of the number of NCS students enrolled in a KG.
(e)	Grant for a cook	per KG per annum	209,350
(f)	Premises maintenance grant	per student per annum	1,080
(g)	Rental subsidy	per KG per annum	Please refer to the provisional amount of rental subsidy per month in the application form of rental subsidy, and then multiply it by 12 months to arrive at the annual amount of rental subsidy.

The above salary-related subsidies for teaching staff will be adjusted based on the weighted average of the pay rise decided for the civil service in 2023 (i.e. to disburse underpayments or to deduct for overpayments) and the exact amounts will be announced once confirmed. To facilitate schools' preparation of budget for the fee revision application in the 2023/24 school year, the above **provisional** figures are calculated based on the change in the Composite Consumer Price Index on the salary ranges in the 2022/23 school year and are provided for reference. EDB will refer to these **provisional** figures when processing the relevant fee revision applications.

3. The relevant amounts refer to the accumulated surplus (if any) of respective subsidy at the end of the previous school year. On condition that Scheme-KGs are able to offer free quality HD services and maintain school fees for WD/LWD services at a reasonable level, they are allowed to accumulate a surplus up to one-year provision of the respective grants (except rental subsidy, reimbursement of rates and Government rent and premises maintenance grant). Specifically,
 - (a) the grants relating to teaching staff salary and related expenses (such as mandatory provident fund and long service payment) cover the total of the relevant portion (set at 60%) of the basic unit subsidy (including basic HD unit subsidy and additional subsidy for WD and LWD services) and tide-over grant. The reserve ceiling is the current year provision of the above subsidy;
 - (b) the surplus of the remaining portion (i.e. 40%) of the basic unit subsidy (including basic HD unit subsidy and additional subsidy for WD and LWD services) will be capped at the current year provision of the relevant subsidy.
 - (c) Please note that starting from the processing of the audited accounts for 2021/22 accounting year, the refined arrangement has been adopted in calculating the reserve ceiling for the accumulated surplus of unit subsidy. The reserve ceilings for the teaching staff salary portion and the other operating cost portion will be combined. In addition, a special arrangement for the reserve ceiling of unit subsidy will be made in the 2021/22 to 2025/26 accounting years. Scheme-KGs are allowed to keep their

accumulated surplus of the whole unit subsidy for each corresponding accounting year up to 18 months of their current year provision. For details related to the reserve ceiling of unit subsidy, please refer to paragraphs 14 to 18 of this CM and the Kindergarten Administration Guide which will be updated later.

For premises maintenance grant, the surplus will be capped at 500% of the current year provision.

4. All donation income and corresponding expenditure should be reported in **item 7 of Income** and **item 4 of Expenditure** respectively.
5. Other income and other operating expenses do not include items with specific purpose/ non-recurrent grants and their corresponding expenditure, grants/ subsidies received by schools from government departments other than EDB or quasi-government organisations and their corresponding expenditure, and income and expenditure of trading operations.
6. Schools can choose to recover the cost of the fixed assets from the KG Scheme Funds, or charge such cost to the School Funds. If a school chooses to recover the cost from the KG Scheme Funds, the depreciation of these assets would be considered in the calculation of school fees for local KG classes, non-local KG classes and/or CCC classes (if applicable) and the fixed assets concerned would be treated as Government's property (excluding school premises and leasehold improvements). Upon the closure or withdrawal from the Scheme, these assets shall be at Government's discretion for disposal. Therefore, the school must clearly record and label the items concerned for identification. Please report the depreciation of these assets in **item 3.4 of Expenditure**.

If the school chooses to record fixed assets under School Funds, the depreciation of these assets would be considered in the calculation of school fees for non-local KG classes and/or CCC classes (if applicable). Please report the depreciation of these assets in **item 3.5 of Expenditure**.

The suggested rates of depreciation per annum for fixed assets are as follows (not applicable to items funded by Lotteries Fund):

- (a) school premises: 2.5% [not applicable to rented school premises]
(If the school's application for premises maintenance grant is approved, it may choose to charge depreciation of the school premises to the grant.);
- (b) furniture / equipment / fixtures / fittings: 20%;
- (c) computer hardware and software: 30%;
- (d) leasehold improvements: 10%.

KGs/KG-cum-CCCs are NOT required to submit supporting documents for the fixed assets alongside this application. Nevertheless, schools should keep the relevant documents and submit them to EDB upon request.

7. The costs of major repairs and maintenance (at unit cost of \$8,000 or over) should be equally spread over years for calculation of school fees, starting from the year in which the costs are incurred. The number of years of spreading such costs is as follows:

The total amount of major repairs and maintenance incurred in the same school year	Number of years for spreading the cost
\$500,000 or less	3 years
\$500,001 - \$1,000,000	5 years
\$1,000,001 - \$10,000,000	10 years
\$10,000,001 or more	15 years

If the expenditure of the works is partly covered by:

- (a) premises maintenance grant, please include the amount incurred in **item 2.4 of Expenditure**. The rest of difference should be aggregated with other expenditure of works starting in the same school year for spreading the amount evenly over years in **item 3.3 of Expenditure**.
- (b) (Pilot Schemes on) Renovation Grant and Relocation Grant, only the uncovered amount should be aggregated with other expenditure of works starting in the same school year for spreading the amount evenly over years in **item 3.3 of Expenditure**.

8. Only if the school supervisor is assigned to perform specific duties (other than those general duties as a school supervisor) in the KG/KG-cum-CCC, his/her remuneration could be considered as an expenditure item in calculation of school fees. If so, regardless of adopting simplified procedures or general procedures, descriptions of the specific duties should be provided (KGs adopting simplified procedures should submit such descriptions with **Appendix 4** on or before 28 April 2023). It is the responsibility of the school to prove to EDB that there are genuine needs with sufficient grounds for the supervisor to perform those specific duties in addition to the general duties of a supervisor to justify the payment of remuneration to him/her as an expenditure item. School supervisors should not receive any remuneration for any of their duties that should be normally be performed by a school supervisor, school manager or principal. Apart from this, proper procurement procedures should be followed when procuring services through such means in general. For school supervisors serving in more than one KG/KG-cum-CCC and are/would be assigned with specific duties beyond the duties of a school supervisor, school manager or principal, the remuneration should be paid by the KGs/KG-cum-CCCs concerned respectively. The following information should also be provided for EDB's consideration:
- the number of schools that the school supervisor is assigned with the specific duties;
 - the amount of remuneration received by the school supervisor from each of his/her KGs/KG-cum-CCCs for the specific duties;
 - the proportion of the specific duties of the school supervisor allotted to each of his/her KGs/KG-cum-CCCs; and
 - the estimated working hours for the school supervisor to perform the specific duties in each of his/her KGs/KG-cum-CCCs per week/month.
9. For newly established schools, the necessary expenses incurred before commencement of operation (i.e. set-up expenses), such as renovation or change in partitions, should be spread over years for calculation of school fees. Starting from the 2017/18 school year, the number of years for spreading the set-up expenses is as follows:

Amount of set-up expenses incurred	Number of years for spreading the cost
\$500,000 or less	3 years
\$500,001 - \$1,000,000	5 years
\$1,000,001 - \$10,000,000	10 years
\$10,000,001 or more	15 years

For other fixed assets such as furniture, equipment, fixtures, fittings, computer and teaching aids, the amount could be spread over years as depreciation.

10. Regardless adopting simplified procedures or general procedures, if schools procure any forms of administration support services from their sponsoring bodies or other organisations, they should separately provide information on the nature, justifications, manpower involved and breakdowns of the cost for EDB's consideration. Administration support services for schools procured from sponsoring bodies or other related parties should be reported as transaction with related party in the school's annual audited accounts.

Remarks:

- A. Meal charges for WD classes will NOT be taken as an expenditure item for calculation of school fees and will be shown as a separate item on Fees Certificate. Meal charges for WD classes and their corresponding expenditure should NOT be included in **item (8)** - others under INCOME and **item (3.11)** - other expenses under EXPENDITURE respectively.
- B. In principle, relevant expenditure on items with specific purpose/ non-recurrent grants (e.g. Grant for Support to NCS Students, One-off Start-up Grant, Supply Teacher Grant, Paid Maternity Leave for Staff and Staff Relief Grant, Grant for Improving Ventilation of School Premises of Kindergartens, “Smart Kindergarten” Grant, Grant for Promotion of Chinese Art and Culture, Relocation Grant, Promotion of Reading Grant for Kindergartens, Grant for Procurement of National Flag and Movable Flagpole, Home-School Co-operation Grants, Professional Capacity Enhancement Grant, One-off Parent Education Grant and Feed-in Tariff (FiT) Scheme, etc.) could **NOT** be included for calculation of school fees or included in any other income and expenditure items.
- C. If there is a significant surplus for the respective year resulting from an unspent amount of donation with designated purpose, unspent funding earmarked for school premises repair/improvement, upgrading computer system for whole school and maintenance of dangerous slope, etc., KGs/KG-cum-CCCs should provide detailed information as justification for their fee revision application.
- D. EDB may request KGs/KG-cum-CCCs to provide supplementary documents such as further details and supporting documents on items of expenditure, if necessary. EDB also reserves the right to use the rental value as assessed by the Rating and Valuation Department for calculation of school fees.
